ADDENDUM #2
RFP #18-0055
EMS BILLING SERVICES

September 14, 2018

The following is to ensure that proposers have complete information prior to submitting a proposal response. Here are clarifications regarding our request.

Questions and/or statements of clarification are in **bold** font, and answers to specific questions are *italicized.*

1. **The County responded to question 19 in Addendum #1 stating that only 573 transports out of the 43,228 total transports were billed as traditional Medicare. Can the County please confirm that is this number is correct? Looking back to the 2010 RFP addendum, it states that 43.7% of the total transports were Medicare and we are just looking for clarification**.

Answer: The data was reviewed by ***primary payor****. The numbers provided last week were based on* ***current payor. Current payor*** *is fluid as we change the current payor, on a call based on what payor the call is currently out with. Thus, why the self pay is a much larger number under current payor.*

2017 Billable Transports Sedgwick County EMS

Calls	***Primary Payor Category***
13,931	*Medicare*
3,594	*Medicare Advantage*
7,012	*Medicaid including Kancare*
12,734	*Insurance & Hospital Contracts*
5,957	*Self-Pay*
43,228	

Submittals are due **NO LATER THAN 1:45 p.m., CDT, Tuesday, September 25, 2018**. Late proposals will not be accepted and will not be considered for award recommendation.

PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON THE BID RESPONSE PAGE.
