

Project # D23

Project Name Flood Control Levee Repairs for Levee Accrediation

Type Unassigned **Requestor** David C. Spears, Director of Public Works/County Engineer

Description

Repair, upgrade or replace levees, drainage structures, toe drains, bridges, erosion control structures, etc. as required to obtain full accreditation of the Wichita-Valley Center Flood Control Project from FEMA.

Justification

Failure to obtain levee accreditation will result in a remapping of the Sedgwick County Flood Insurance Rate Maps as though the levee system does not exist. Remapping without the levees will significantly increase the cost of flood insurance in areas of the community that are protected by the levee system.
