|  |  |  | On-site County personnel explained that the two County Offices in this facility are only for the purpose of serving residents of this facility and the offices are not open to other individuals from the general public. Upon examining the County Offices, they are fully accessible. However, numerous other inaccessible features exist at this facility, which are not County services and are not County programs. <br> Therefore, since the County Offices in this facility are fully accessible, we do not recommend that the County take actions to correct other inaccessible features of this facility, which are not County programs, per the program access provisions of Title II. |  |  |  |  |  |  |  |  |  |
