On the recommendation of Gunda Angelica, on behalf of the Fleet Management Department, Jennifer Dombaugh moved to **accept the lowest and best bid from Foley Equipment Co., in the amount of \$305,462.00.** David Spears seconded the motion. The motion passed unanimously.

NOTE: The road widener replacing #0270 will be used by Public Works to rebuild the shoulder of county roads. The shoulder is the rock part seen between the road and the ditch. With over 600 miles of road to maintain in Sedgwick County, the machine is a vital part of Public Works duty. The machine is replacing a 1993 model. Life expectancy is 15-20 years. The old machine will be sold on Purplewave.
