Minns

**Comment:**

“Dear County Commissioners:

How on Earth is the typical man or woman in Sedgwick County supposed to understand the local Health Officers ever-changing orders? Three within nearly the past thirty days and beginning with approximately three pages of Kelly's EO 20-52 to now eleven in Minns' most recent incantations. You are aware of his and Kelly's sick subliminal messages referring to Nazi death camps, autopsies, including the generalized "six feet" of social distancing, (and more) aren't you? If not then you need to study their orders more closely.

You are omitting the fact that these so called "orders" only pertain to businesses and those incorporated, licensed, businesses' employees and do not and can not apply to living, breathing men and women who make their home in Sedgwick County. Refereeing to them as 'persons' or 'individuals' is morally and intellectually dishonest.

Minns' claim some non existent authority in K.S.A. 48-202. He has authority to limit gatherings only and is questionable as to whether that applies to anything other than animals...including the circular authority given himself as a "directive" per his interpretation in House Bill 2016.

Surely you are aware of what may extend to Minns by way of Governor Kelly's stated statutory authority It (K.S.A. 48-924) gets it's authority from K.S.A. 47-611. I suggest each of you read that and in adopting such beliefs you are insulting the people of this community by associating us with animals. Granted, in the hierarchy of Kingdoms we are of the Animal Kingdom but that is referring to biology strictly. (And the other statute with authority over plant illnesses and agriculture.).

Surely each of you has had an opportunity to look into opposing views regarding COVID in spite of only securing the opinions of self interested mouth-pieces from Wesley. You base your decisions on unverified blather and nonsense orchestrated by the soon to be imprisoned "Deep State\*" actors. Ignore your conscious at your own peril.

Allergic reaction

**Comment:**

“I am not going to be taking the covid vaccine due to having allergic reaction to the flu shot. I understand that this is not a flu shot. However not only do I have allergies I also have asthma along with sensitivity to certian medications. Because of this issue. However there are people like myself and there are many like me who won't be able to take the vaccine. What am I supposed to do? Because if you do not take the vaccine then businesses will keep you from buying and you won't be able to travel along with events in the future. Because we will either have to carry a vaccine card or there will be apps on the computer systems that will be able to tell if you've had the vaccine or not. What are people like me to do? Are we to be punished because of a medical issue? Because I cannot wear a mask and I have anxiety disorder that keeps me from wearing one under the governor's guidelines. Even then I am told that I have to wear a mask even though I am exempt from wearing one and I am

looked upon like a scourge and verbally bullied. Thank you for taking the time to read this letter.”

Comment for Public Record

**Comment:**

“Hello, my name is Maury Kerschen, and I am writing to request that the Sedgwick County Commissioners end the emergency public health order that requires the citizens of Sedgwick County to wear masks for entry into buildings, businesses, etc...

For months, we have been told to FOLLOW THE SCIENCE, yet the commissioners who voted for this UNCONSTITUTIONAL MASK MANDATE have taken the “advice of health professionals.”

I have attached to this email several SCIENTIFIC studies that show, without a doubt, that masks DO NOT WORK, and in fact PROMOTE THE SPREAD of Covid. Look at Texas, Florida, etc. that do not have mask mandates. Their covid cases are in fact declining, and in those places that have mask mandates, the cases are continuing to skyrocket i.e. New York, California, etc.

Furthermore, these mandates are UNCONSTITUTIONAL – they are not laws and HAVE NOT BEEN VOTED ON by we the people, and we will no longer stand for government mandates that

rule our lives. WE ARE DONE, AND WE ARE TAKING OUR RIGHTS BACK.

DO YOUR JOB and cancel these ridiculous mandates NOW!

Unconstitutional Mandates

**Comment:**

“The collateral damage from this plandemic is more harmful to our citizens than the virus! People are losing their businesses, homes and livelihoods. You can fix this, very simple, remove mandates, open everything up, get people back to work and stop reporting all the numbers that are nothing more than scare tactics cdc, who and other corrupt "experts ". Let our citizens take personal responsibility for themselves. We do not need the government to tell us what to do. YOU WORK FOR US START PUTTING YOUR COUNTY FIRST!! Instead of promoting some corrupt politicians political agenda! Tyvm

**Comment:**

“Barron’s Barron’s and Grill in Wichita thinks it’s funny to post a sign in their business “Get your covid here”. Not funny and insulting. Needs addressing. Can’t be complaint there with that attitude. Needs to be fined. Perhaps I won’t be shopping in

Wichita anymore with this kind of blatant disregard for the law, common decency, and disregard for people's lives.”
