## Overview

The Sedgwick County Department of Corrections operates all correctional programs under the direct authority of the Board of County Commissioners. Programs involve a broad range of facilities and community-based correction interventions necessary to promote community safety and provide successful supervision of assigned adult and juvenile offenders.

The Department's services help promote community involvement in the corrections process, provide safe facilities, offer less costly alternatives to incarceration, provide supervision appropriate to the risk level, promote offender accountability, and provide services which increase chances for success and reduce recidivism.

The Department maintains a commitment to be a leader in the field and to provide correctional services in a manner consistent with the mission and values of Sedgwick County.

## Strategic Goals:

- *Reduce recidivism and promote public safety through use of evidence-based programs to increase client success and reduce risk to public safety*
- *Seek out and promote less costly alternatives to incarceration that do not jeopardize public safety*
- *To continue to seek out and maintain collaborative partnerships with public and private agencies to provide a coordinated continuum of offender services to our client population*

## Highlights

- Continuous efforts are made to provide evidence-based programming to all clients served to reduce recidivism. The collective recidivism rate for the Department has continued to decrease from 9.0 percent in 2018 to 7.0 percent in 2019; which means the strategies in place to improve client successes and reduce risk have improved
- Continued collaboration with local community partners to work within the criminal justice system to provide support and data and to address emerging issues as they arise in our community

# Accomplishments and Strategic Results

## Accomplishments

Sedgwick County Department of Corrections continues to be the largest corrections agency in the State of Kansas. Due to coronavirus disease (COVID-19), 2020 was an extremely challenging year for staff, including adjusting to changes in work schedules, management of clients in the Department's facilities, protocols for supervision practices, addressing leave issues, and vacancies. The priority for the Department continues to be the safety of staff and clients, reducing recidivism through proven behavior change strategies, and increasing client success rates.

The Department continues to implement meaningful programming to effect change and deliver evidence-based programming with fidelity to the clients, even during these challenging times. Programs and staff continued to be audited regularly to ensure service delivery and fidelity is maintained.

The Department, along with the juvenile advisory board, held a Team Justice summit in January 2021 to hear from the community on juvenile justice issues and listen to community voices on areas for improvement, which will help target the Department's evidence-based programming funds.

## Strategic Results

Reduce recidivism through use of proven behavior change strategies to increase client success and reduce the risk to public safety.

The Department of Corrections defines recidivism as re-conviction or re-confinement based on a criminal act after previous criminal involvement. The Department is reducing recidivism through the use of proven behavior change strategies and evidence-based programming to increase client success and reduce the risk to public safety.

## Significant Budget Adjustments

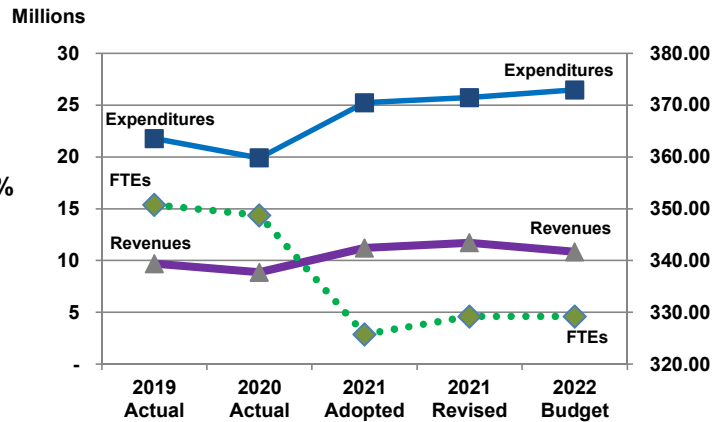

Significant adjustments to the Department of Corrections' 2022 Recommended Budget include a decrease in revenues to bring in-line with actuals (\$704,027), a decrease in interfund transfers due to a 2021 Capital Improvement Program (CIP) project (\$366,253), and a reduction in personnel due to positions held vacant and unfunded (\$271,600).

## Overview

Adult Services includes community-based programs that target criminogenic risk factors of moderate to high-risk clients. Services delivered enhance community safety and increase the likelihood that felony involved individuals will become productive citizens.

Services are ordered by the courts and include monitoring behaviors and managing cases, which often involves addressing problems with substance abuse, mental health, housing, employment, and family.

The Adult Intensive Supervision Program allows clients to reside in the community while receiving intensive programming and supervision while the Adult Residential Program seeks to keep offenders in an environment that is suitable to their level of risk to re-offend while assisting them in successfully reentering the community.

## Strategic Goals:

- *Reduce recidivism through use of proven behavior change strategies to increase client success and reduce risk to public safety*
- *Seek out and promote less costly alternatives to incarceration that do not jeopardize public safety*
- *Continue to participate fully in the planning, implementation, operation, and/or monitoring of any County-approved programs from the Criminal Justice Alternatives Master Plan to reduce demand for adult detention services*

## Highlights

- Developed Drug Court Structured Living Program (DCSL) at the Adult Residential program for Drug Court clients in need of added structure. Clients will live in the Residential program while attending required treatment and court dockets
- Continued collaboration with Goodwill Industries and Wichita State University (WSU) Tech on the NexStep vocational training program. Expanded vocational offerings for NexStep participants to include heating, ventilation and air conditioning (HVAC), automotive, and culinary programs

# Accomplishments and Strategic Results

## Accomplishments

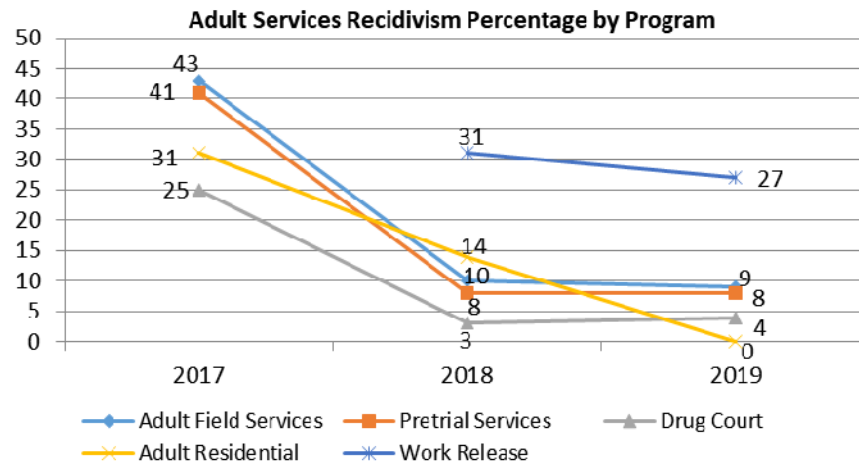

Community Corrections has developed effective strategies to improve outcomes for high-risk clients under felony probation supervision. Impacts include increased exposure to cognitive behavioral programming, employment services, access to in-house mental health, and recovery support services. In addition, Residential and Drug Court offer a graduated sanction opportunity for a cross-section of the felony population that are at an increased risk to relapse, re-offend, and experience unstable living environments.

In 2020, three new initiatives began which include a Batterers Intervention Program, volunteer mentoring for adult clients, and an education/skill building opportunity with Goodwill Industries.

The Justice Reinvestment Initiative provides funding to support behavioral health interventions in Community Corrections. Currently, the funding supports collaborations with COMCARE and Higher Ground to co-locate services and to provide access to behavioral health interventions for moderate and high-risk clients.

## Strategic Results

The Department of Corrections defines recidivism as re-conviction or re-confinement based on a criminal act after previous criminal involvement. The Department is reducing recidivism through the use of proven behavior change strategies and evidence-based programming to increase client success and reduce the risk to public safety.

## Significant Budget Adjustments

Significant adjustments to Corrections - Adult Services' 2022 Recommended Budget include a decrease in revenues to bring in-line with actuals (\$500,046), a decrease in Work Release for a transfer to the Juvenile Detention Facility (JDF) and the Juvenile Residential Facility (JRF) for non contractual medical costs (\$73,365), and an increase of 0.5 full-time equivalent (FTE) due to reorganization (\$24,705).

## Overview

Juvenile Services offers an array of correctional services to youth and their families in Sedgwick County. The County offers residential and alternatives to residential services for alleged and adjudicated juvenile offenders.

Juvenile Services partners with the State of Kansas Department of Corrections - Juvenile Services to provide community-based services that address juvenile delinquency in the 18th Judicial District.

In addition, the Evening Reporting Center (ERC) works in collaboration with regional partners (Elk, Butler, Greenwood, Harvey, McPherson, Cowley, and Sumner counties) to provide services.

## Strategic Goals:

- *Reduce recidivism through use of proven behavior change strategies to increase client success and reduce risk to public safety*
- *Seek out and promote less costly alternatives to incarceration that do not jeopardize public safety*
- *Continue implementation of the Family Engagement Model*

## Highlights

- The ERC was awarded an Evidence-Based Programming (EBP) grant to enhance programming for moderate and high-risk offenders attending the center. In addition, new curriculum and education components were added
- The Juvenile Intake and Assessment Center (JIAC) was awarded an EBP grant to develop and implement the Coordination of Services program and enhance mental health assessments for youth assessed at JIAC

# Accomplishments and Strategic Results

## Accomplishments

JIAC implemented eCorrections, an information and records management system that will be expanded to the entire juvenile continuum.

JIAC also implemented an Immediate Intervention Program (IIP) in July 2020 in coordination with the Office of the District Attorney, and began development of an evidence-based program called Coordination of Services to reduce recidivism and increase supportive relationships between youth and their parents/ caregivers.

Juvenile Field Services (JFS) leveraged technology and utilized “text by choice” to maintain contact with assigned juvenile offenders and their families during the pandemic.

The Juvenile Residential Facility (JRF) adapted operations to the global pandemic and utilized technology to establish virtual visitation, community based services, and remote learning for residents. The facility received several updates, including wireless internet throughout the building, allowing virtual on-site educational services; a proximity card system to regulate persons entering the building; an exterior camera/intercom system allowing visitor screening; a manual transfer switch to connect the facility to a generator; and day room furniture that can be properly disinfected while matching the residential aesthetic and meeting safety and durability requirements.

## Strategic Results

The Department of Corrections defines recidivism as re-conviction or re-confinement based on a criminal act after previous criminal involvement. The Department is reducing recidivism through the use of proven behavior change strategies and evidence-based programming to increase client success and reduce the risk to public safety.

## Significant Budget Adjustments

Significant adjustments to Corrections - Juvenile Services' 2022 Recommended Budget include a reduction in personnel due to positions held vacant and unfunded (\$271,600).

### • Judge Riddel Boys & Girls Alternative Program

The Judge Riddel Boys & Girls Alternative Program is an enhancement in services being provided to juvenile offenders in Sedgwick County. The program consists of two components that provide evidence-based cognitive behavioral programming and a practice change in juvenile services to implement a strengths-based model of family engagement. The cognitive behavioral programming includes the “Thinking for a Change” and “Aggression Replacement Training” curriculums that are evidence-based and have been shown to reduce recidivism.

### • Juvenile Intake & Assessment Center

The Juvenile Intake and Assessment Center (JIAC) receives referrals from law enforcement agencies, and also provides service referrals to families that call in for assistance. The strategy is to intervene early and prevent youth from moving deeper into the juvenile justice system. JIAC expanded their prevention efforts in July 2020 with the implementation of a program designed to provide youth and their families with immediate intervention services. The Immediate Intervention Services Program (IIP) development process is a collaboration with the Office of the District Attorney, 18th Judicial District of the State of Kansas, and the Sedgwick County Department of Corrections.

### • Juvenile Field Services

Juvenile Field Services operates Juvenile Case Management, Juvenile Intensive Supervision Program, and Conditional Release. Juvenile Intensive Supervision serves offenders on probation and at risk of entering State custody or a corrections facility and Juvenile Case Management provides supervision for juveniles in custody. Offenders are supervised according to a level system based on their risk to re-offend. Intensive Supervision Officers make frequent contacts with employers, educators, treatment providers, and the offender. In some cases, electronic monitoring and drug and alcohol testing are used. The program operates with an emphasis on five priorities: public safety, preventing future offenses, education, employment, and enhancing and improving the impact of a positive family relationship. The Evening Reporting Center serves moderate to high-risk youth who need specific programming based on the Youth Level of Service/Case Management Inventory (YLS/CMI).

# Corrections — Juvenile Facilities

***Mission:*** *To provide a continuum of evidence-based correctional services in our community, which promotes public safety and accountability while supporting positive behavior change, in an effort to reduce recidivism.*

## Overview

Juvenile Facilities delivers a continuum of juvenile detention, residential rehabilitation programs, and services for juvenile offenders. Juveniles who are arrested and ordered to be detained for court hearings are held in a range of secure (locked) and non-secure options to protect the community and ensure that accused juveniles appear for court.

The system begins with prevention efforts and includes programs to handle the most violent juveniles in locked facilities to protect the public. The costs of services increases as the services become more intensive and restrictive.

A balanced approach is the goal so the Department can intervene early with at-risk youth and help get them back on track with services less costly than incarceration.

## Strategic Goals:

- *Reduce recidivism through use of proven behavior change strategies to increase client success and reduce risk to public safety*
- *Seek out and promote less costly alternatives to incarceration that do not jeopardize public safety*

## Highlights

- The Juvenile Residential Facility (JRF) adapted operations and leveraged technology to establish “virtual visitation”, community based services, and remote learning for residents
- The Juvenile Detention Facility (JDF) began work with the Center on Positive Behavioral Interventions and Supports (PBIS) to adapt PBIS into the detention center as a new behavioral management system

# Accomplishments and Strategic Results

## Accomplishments

Annual Department for Children and Families licensing inspection yielded a perfect audit for JRF and the Juvenile Detention Facility (JDF).

JDF utilized technology to ensure resident contact with their loved ones via Zoom calls.

## Strategic Results

The Department of Corrections defines recidivism as re-conviction or re-confinement based on a criminal act after previous criminal involvement. The Department is reducing recidivism through the use of proven behavior change strategies and evidence-based programming to increase client success and reduce risk to public safety.

Note: Recidivism is not calculated for the Juvenile Detention Facility

## Significant Budget Adjustments

Significant adjustments to Corrections - Juvenile Facilities' 2022 Recommended Budget include a decrease in interfund transfers due to a 2021 Capital Improvement Program (CIP) project (\$366,253), a decrease in revenues to bring in-line with actuals (\$203,981), an increase in JDF and JRF for non contractual medical costs due to a transfer from Work Release (\$73,365), and a decrease of 0.5 full-time equivalent (FTE) due to reorganization (\$24,705).
