Subject:

Are we waiting for a fire before we intervene?

Comment:

As of 9/1/21 the CDC indicates that 98% of counties in Kansas are at "high" or "substantial" risk for transmission of Covid-19; reinforcing the need for local leaders to engage. Engage! Why does this country even have doctors, nurses, etc. when no one listens?!

City Sound Ordinance Municipal Code 7.41.030

Comment:

Club Rodeo has purchased the land on MacArthur and K15, it is commercially zoned that is feet within city limits, therefore Sedgwick County is the only jurisdiction over this facility and Mr. Jim Howell as the representative. Unfortunately, the volume on the outside of the facility is separate from inside venue and is exceedingly high, and consistent on Wednesday's, Friday and Saturday nights 9pm-2am. Based off the city sound ordinances commercially zoned Municipal code of Wichita KS (library.municode.com) in Sec. 7.14.030- Excessive noise level, they are over 25 ft for 65 decibels indefinitely. Club Rodeo could be fined \$1,000.00 at each offense. After many sleepless nights, I am asking they take the music back inside for many of us.

Subject:

Mask

Comment:

If it takes a mandate or the talk of a mandate to get you to wear a mask, then do you really believe in the efficacy of a mask and I'm talking directly to Lopez. I've seen it many times in conversations people saying we need a mask mandate and then realize they aren't wearing one themselves so they have to put one on so they don't look like a hypocrite..too late..you are a hypocrite...if you are serious about masks then I should never see you without one. Either they work all of the time or they don't work at all.

Subject:

Mask & quarantine restrictions

Comment:

On behalf of concerned parents of Sedgwick county public and private schools, please ensure that there are alternative methods of instruction available for quarantined students which will enable parents to go to work who need to do so. Why are there no provisions for this?

Subject:

Mask mandate

Comment:

I ask that you pass a mask mandate in order to slow the surge of Covid19 infections our area is seeing. This surge is about to become much worse, and it's time to be proactive, instead of reactive. Please lead, instead of dithering.
