The recommendation of Purchasing, Fleet, and COMCARE is to **accept the bid from Parks Motors in the amount of \$43,685.00.**

These vehicles are primarily used for client transportation. COMCARE provides transportation for clients of our services to appointments, from home to programs and back, to the hospital if it is a non-emergency situation, to shelters, and to SS/SOAR disability interviews. In addition to consumer uses we also provide the vans for weekly program grocery pickups, out of town staff training where we can reduce the need to pay mileage reimbursement to multiple staff. COMCARE staff also visit various nursing homes across Kansas, make weekly trips to Osawatomie State Hospital for discharge planning, and transporting clients being discharged back to the Wichita area. The vans are used for trips to various correctional facilities for discharge planning and transporting clients back to Wichita. We also provide transportation for Mental Health Advocacy Day attendees.
