1. TANDEM AXLE DUMP TRUCK EQUIPPED WITH SALT / SAND SPREADER AND LIQUID ANTI-ICING AND DE-ICING SYSTEM -- FLEET MANAGEMENT / PUBLIC WORKS
FUNDING -- 2025 KENWORTH

(Joint Governmental Purchase - Sourcewell Contract #060920-KTC)

#24-2025 S/C #8000232978

	Wichita Kenworth (Master Tech)
	Unit Price
Tandem Axle Dump Truck Equipped with Salt/Sand Spreader and Liquid Anti-Icing and De-Icing System	\$388,922.00
Make & Model	2025 Kenworth T880S MX11 430HP

On the recommendation of Britt Rosencutter, on behalf of Fleet Management and Public Works, Tim Myers moved to **utilize the Sourcewell Contract #060920-KTC in the amount of \$388,922.00**. Anna Meyerhoff-Cole seconded the motion. The motion passed unanimously.

These trucks are used to haul a variety of items and are used daily. They haul materials to job sites on the roadways, bridge projects, and stream maintenance. Materials like sand, asphalt, dirt, rock for rock shouldering projects, rip-rap around bridges and streams, chip rock for roadway scrub seal, and other items that need to be hauled to project sites. They haul trees and debris from streams and bridges and are utilized in the event of a natural disaster. The trucks will have spreaders and plows put on them to be used during snow and ice operations, and spray tanks to anti-ice before a snow event.

Notes:

Fleet evaluates all vehicles and equipment up for replacement before requesting bids. These trucks have excessive downtime due to condition and inability to get parts for the antiquated hydraulic system.

<u>Vehicle #</u>	<u>Year</u>	<u>Make & Model</u>	<u>VIN #</u>	<u>Points</u>	<u>Mileage</u>
0619	2010	Kenworth T470	3BKBL50X5AF268710	17.5	126,766

Due to the antiquated hydraulic system on this truck (the last one we have with this style) this truck has been unusable since 1/8/24 and down a total of 752 hours since 1/1/22.

This pricing reflects an approximate 20% discount.

Wichita Kenworth provides the chassis. Master Tech Truck and Equipment builds and attaches the dump bed and spreader/de-icer system.

This is a replacement vehicle. Surplus will be sold at auction.

Questions and Answers

Brandi Baily: How many trucks is this? Is this one (1) truck or is it multiple trucks?

Britt Rosencutter: It's just one (1) truck. It shouldn't have the plural in it.

BOARD OF BIDS AND CONTRACTS APRIL 11, 2024

2. CRAC UNITS FOR THE HISTORIC COURTHOUSE -- PROJECT SERVICES

FUNDING -- HCH DATA CENTER EQUIPMENT REFRESH

(Single Source)

#24-2026 S/C #8000232862

	Vertiv Corporation
	Cost
Computer Room Air Conditioning Units	\$297,737.79

On the recommendation of Dillon Kackley, on behalf of Project Services, Anna Meyerhoff-Cole moved to **accept the quote from Vertiv Corporation in the amount of \$297,737.79.** Brandi Baily seconded the motion. The motion passed unanimously.

This project is for the replacement of three (3) Computer Room Air Conditioning Units (CRAC Units) for the data center at the Historic Courthouse. These CRAC units are critical to maintaining consistent and appropriate environmental controls for the technology equipment centralized in this location.

The equipment includes the three (3) indoor units and outdoor units, parts and labor warranties, freight and installation of the equipment.

Vertiv (formerly Liebert) and Weber and Associates represents the most responsible and cost-effective option. This partnership guarantees the highest performance, reliability, and lifespan for our critical HVAC systems.

Notes:

Vertiv Equipment is based on Single Source designation for local representation.

CIP Project approved by Board of County Commissioners (BoCC) August 23, 2023.
