

# Technical Education

**Mission:** To provide students with a state-of-the-art technical education, whether they are here for the beginning state of their education or returning to gain further training for new skills.

**Tom Golden**  
Deputy County Manager

525 N. Main, Suite 343

## Overview

Wichita Area Technical College (WATC) is dedicated to serving business and industry in south-central Kansas through the delivery of a comprehensive portfolio of programs and services. WATC faculty and staff strive to develop a highly trained workforce and gives Kansas employers a competitive advantage. WATC is committed to providing the training that is needed – where it is needed, when it is needed.

In August 2004, after the Legislature passed a bill that separated WATC from the Unified School District 259, the Board of County Commissioners (BOCC) passed a resolution creating the Sedgwick County Technical Education & Training Authority (SCTETA). The purpose of the Authority is to be a broker/overseer of technical training that fits the needs of businesses and at the same time serves as the Board of Directors for Wichita Area Technical College.

## Strategic Goals:

- Provide a national center for aviation training where aviation research and training come together
- Create a facility campus where people can go for retraining, traditional credit based training or specialized/customized training that is primarily for non-credit hours

## Highlights

- New programs were implemented in 2012 which include Robotics and Electromechanical Systems
- Students at the National Center for Aviation Training (NCAT) find work, continue their education, or join the military more than 80 percent of the time after finishing educational programs
- NCAT played a major role in the formation of the National Aviation Consortium
- NCAT provided tours for local residents as well as delegations from foreign countries including China, Chile and Ukraine

# Accomplishments and Priorities

## Accomplishments

NCAT is a world class training and research center designed to meet changing aviation/manufacturing business and workforce needs. NCAT is unique because it brings research and technical training under one roof blending them to meet industry needs. NCAT has two partners: WATC, under the direction of SCTETA, coordinates the training programs and instruction at NCAT, while Wichita State University's (WSU) National Institute for Aviation Research (NIAR) provides research and development opportunities and instruction.

## Priorities

WATC is the designated operator for the NCAT campus. Sedgwick County will continue to reimburse WATC, as the operator, for utilities, repairs, cleaning, security, and maintenance costs associated with WSU/NIAR space at NCAT.

## Significant Budget Adjustments

There are no significant adjustments to Technical Education's 2017 budget.
