Public Comment Decorum

Comment:

I am absolutely disgusted by the fact that someone was allowed to use their five minutes of public comment to spout hate speech unchecked and not stop. I am appalled at the fact that Chairman Dennis didn't see to himself to stop the person's words as they were not germane to anything on the agenda and frankly were out of place. The public forum should be used for actual grievances and not racist comments. I am disappointed in Commissioner Howell, Meitzner, and Lopez for not speaking up and calling out this person but I applaud Commissioner Cruse for at least saying something. As a person from what the speaker called "The Black District" District One in Wichita, I am ashamed that this is happening in Sedgwick County.

Seeking a Resolution for Homeowners Rights

Comment:

As a homeowner I am seeking a resolution for harassment from a Club Rodeo. The harassment is the loud low frequency that cannot be measure on a decibel meter. It penetrates pounding my home walls and continues until 2am every night they are open. Officers have confirmed the accounts of excessive music noise. I am asking for the business to be held accountable for this disruption to our sleep. This resolution will allow them to continue to do business while holding them accountable if the music is being disruptive to residents. At the moment they are their own governing body with no officer or City limits to answer to. Club Rodeo should not be allowed to harass the residents with no authority unable to tell them to "to turn it down".
