ADDENDUM #3

RFP #23-0040

PREVENTION / EARLY INTERVENTION SERVICES

CY 2024 – 2026

August 24, 2023

The following is to ensure that vendors have complete information prior to submitting a proposal. Here are some clarifications regarding the proposal for Prevention/Early Intervention Services.

Questions and/or statements of clarification are in **bold** font, and answers to specific questions are *italicized*.

- 1. We are working on our proposal for the Prevention Early Intervention Services RFP and our program staff thought it was suggested in the bidder's conference to submit a combined budget for our Prevention Early Intervention program and our Evidence-based Funding program. Is this correct?**

Answer: Do not submit combined budgets. The two (2) funding sources are targeted to different populations. A provider may have a program they wish to offer as a prevention program, with a different dosage/core for intervention with youth already involved with the juvenile justice system. I think it is an important point that having one (1) funding source in place does not preclude/enhance the likelihood of getting the other funds. There is a difference in population and the need to keep records consistent with the goals and specifications of each source.

Firms interested in submitting a *proposal*, must respond with complete information and **deliver on or before 1:45 pm September 26, 2023**. Late *proposals* will not be accepted and will not receive consideration for final award.

“PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON THE *PROPOSAL* RESPONSE PAGE.”

Sincerely,

Britt Rosencutter
Purchasing Agent
