Within the Wichita-Sedgwick County law enforcement framework, there is a joint SWAT Team that is staffed by a combination of Wichita Police Department (WPD) and Sedgwick County Sheriff's Office personnel. Due to some changes in personnel, allotment and reformatting of the jointly staffed primary SWAT Team, certain equipment upgrades were required. WPD set the equipment standards since they have a higher number of personnel on the team. To provide for seamless interoperability between all personnel, the Sheriff's Office was required to upgrade equipment to match that of the WPD.

Questions and Answers

Tim Kaufman: Is this considered sole source? Or single source?

Joe Thomas: Single source.

Tom Stolz: And it's considered single source because we have to match WPD gears?
