Provided also that mechanical work done in conjunction with a building project covered by a building permit for a one- or two-family dwelling new construction, repair, remodel or addition is covered and permitted under the authority granted by the building permit and does not require a separate mechanical permit.

A separate heating and air-conditioning permit is required if work requiring a permit and inspection as defined in this Code is begun more than one hundred eighty (180) days from the date of the issuance of the building permit.

Expiration. Every permit issued by the Director of the MABCD under the provisions of this Code shall expire by limitation and become null and void if the work authorized by such permit is not commenced within one hundred eighty days from the date of such permit, or if work authorized by such permit is suspended or abandoned at any time after the work is commenced for a period of one hundred eighty days, or one hundred eighty days have expired since an inspection was requested and such inspection was approved by the building official. Provided, that the building official may authorize the refunding of any fee paid hereunder which was erroneously paid or collected and may authorize the refunding of not more than eighty percent of the permit fee paid when no work has been done under a permit issued in accordance with this Code. No refund shall be paid except upon written application filed by the original permittee not later than one hundred eighty days after the date of fee payment.
