**Subject:** RE: Advisory Panel Special Meeting

**Subject:** RE: Advisory Panel Special Meeting

In anticipation of the special meeting of the Advisory Panel meeting, I worked with the KDADS, Sedgwick County and Greenbush team on a draft proposal and agenda for a townhall meeting. The purpose of the meeting would be to collect public input on potential sites for the regional hospital. The sites would be those proposals submitted through the RFP process the County has underway and that pass the initial screening criteria established in the RFP. So we'd be asking for public input on the preferred location based on actual proposals. Sedgwick County confirmed with their ARPA consultants that we can share the addresses connected to proposals with the public in the interest of gathering meaningful input.

The attached proposal and agenda describe the purpose, what information we would share, meeting logistics, and how we would collect input. We can discuss on the 17<sup>th</sup>, but I wanted you to see our initial thoughts about the townhall meeting. If you have comments, please let me know and include [@Melinda Gaul \[KDADS\]](#) in the message. I'm going to be out of the office Monday through Wednesday, but Melinda can answer questions and keep track of suggestions.

Thanks

Scott
