- During the month of November, Sedgwick County Developmental Disability Organization (SCDDO) Quality Assurance Staff completed 12 day program and 21 residential visits.

- The SCDDO is getting nearer to selecting a new electronic medical record (EMR) software to replace the current program. Three companies provided an onsite demonstration of their EMR software for SCDDO staff, along with Purchasing and Information Technology Services, in December. The plan is to complete the process and make a selection by mid-to-late January with a goal of implementation by October.
