Annexation of Club Rodeo into City Limits

**Comment:**

We have asked Jim Howell for solutions, as Club Rodeo is allowed to play an excessive amount of music until 2am that pounds on residents walls that are over 1,300 ft away from this facility. Family residents such as my own are looking for solutions such as Annexing Club Rodeo into Wichita City limits as they are currently the only facility on North of Macarthur that is not in City Limits. This will allow for Ordinances to help residents from continuous music until 2am. The Case #23S001883 at 23:48 hours on March 1st as this evening as officers have confirmed the level of noise in front of my home. I have been asking for help since Club Rodeo has moved in. This affects my families sleep, stress, and mental wellnes as we are left frustrated.

Public Comment Decorum

**Comment:**

I was very disappointed to see Chair Meitzner being abrasive and short with public commenters. These are your constituents who took the time out of their lives to address the commission with the concerns they have about their residences. This behavior comes off as callus and could discourage others from addressing the board because of the attitudes of the commission toward them. If the concern is a time crunch, maybe plan your meetings and lunches around the meetings. The constituents deserve your time and full attention.
