**REQUEST FOR PROPOSAL
#16-0111
COLD MIX ASPHALT PLANT
ADDENDUM #1**

January 11, 2017

The following is to ensure that vendors have complete information prior to submitting a proposal. Here are some clarifications regarding the.

Questions and/or statements of clarification are in **bold** font, and answers to specific questions are *italicized*.

1. Does the proposal include removal of the existing asphalt plant equipment?

Yes, most of the existing equipment will become the property of the selected vendor and removal from the site is required. County personnel will decommission and dismantle the existing equipment to be removed from the site. The RFP includes a plant site diagram depicting and labeling the existing equipment. Equipment to remain is identified in the diagram and will also be marked onsite.

2. Does the existing equipment run throughout the winter? What is the typical operating period?

Existing equipment is typically run from May through September.

3. What is the hourly production rate of the existing equipment?

County personnel produce about 180 tons of cold mix asphalt per hour with the existing equipment.

4. How many tons of cold mix asphalt are produced each year?

With the exception of the past two years, the county had been producing between 18,000-22,000 tons of cold mix asphalt each season. In 2015, the quantity was reduced to about 5,000 tons. Production was limited to about 1,700 total tons in 2016.

Firms interested in submitting a proposal, must respond with complete information and all supplementary materials and **deliver on or before 1:45 p.m. (CDT), Tuesday, January 17, 2017.** Late proposals will not be accepted and will not receive consideration for final award.
