FOR IMMEDIATE RELEASE

Sedgwick County Appraiser Staff in Field Throughout Summer and Fall

(Sedgwick County, Kansas) – Every year during the summer, the Appraiser’s Office physically inspects 17% of the real estate in Sedgwick County. This means that you may have an Appraiser’s Office staff member knocking on your door in the next few months. They will ask you a few simple questions about your home and may take some outside measurements to verify that our data is accurate.

All Appraiser’s Office employees will be wearing Sedgwick County employee badges with their name, department and picture printed on it. While in the field, appraisal vehicles are marked with door signs emblazoned with “Sedgwick County Appraiser” and the Sedgwick County logo.

Please remember that Appraiser’s Office staff will never ask to enter your home unless YOU have previously requested an internal inspection and scheduled an appointment to have one done.

-more-

We have information indicating the general area that our field staff will be on the Appraiser's website at www.sedgwickcounty.org. This information is updated weekly. If you have a question as to where our staff will be, or want to verify that someone is an Appraiser's Office employee, please call our Information and Assistance line at 660-9250.

"We want the citizens of Sedgwick County to know that we are in the field working for them," said Sedgwick County Commission Chairman Tom Winters. "We also want our citizens to practice safety precautions and know that all Appraiser's Office Staff carry identification."

Media inquiries, please contact Jeremy Biltz, Appraiser's Director of Information and Assistance at 660-9259, E-mail jbiltz@sedgwick.gov.
