FOR IMMEDIATE RELEASE

Sedgwick County Health Department Opens Flu Shot Clinic

(Sedgwick County, Kansas) – The Sedgwick County Health Department walk-in clinic for flu shots will re-open Monday, December 19, 2005. Flu shots will be given at the regularly scheduled mobile clinic sites and at the 2716 West Central Clinical Services location.

Four hundred doses of flu shots are now available to anyone who would like to receive a shot. These doses are left from flu clinics held throughout the community.

The price for flu shots is \$21.00 for all over age 9 and \$11.00 for children 8 and younger. Medicare, Medicaid, many forms of private insurance, cash and checks will be accepted as payment.

“Since the first cases of influenza have been confirmed in our community, and with the holiday season upon us, we hope that citizens will take advantage of the flu shots that are available,” said Sedgwick County Commission Chairman Dave Unruh.

Flu shots will be given again at the Health Department Clinical Services location, 2716 West Central, Mondays, Tuesdays, Wednesdays, and Fridays from 8:00 A.M. – 6:00 P.M. and Thursdays from Noon – 6:00 P.M. The Health Department will be closed December 26, 2005 and January 2, 2006 in observance of the holidays.
