FORENSIC SCIENCE CENTER EARNS REACCREDITATION

(Sedgwick County, Kansas) – After consideration by the American Society of Crime Laboratory Directors Laboratory Accreditation Board (ASCLD/LAB), the Sedgwick County Regional Forensic Science Center (RFSC) was awarded reaccreditation in the disciplines of controlled substances, toxicology, trace evidence (fire debris and general physical and chemical analysis), biology, and firearms/toolmarks.

The reaccreditation is effective for a period of five years.

As a condition of the reaccreditation, the RFSC will continue to participate in external proficiency testing that is reviewed by a proficiency review committee, conduct audits of the laboratory, and submit reports to the ASCLD/LAB each year.
