

**GENETIC ANALYZER – FORENSIC SCIENCE CENTER
FUNDING – BYRNE GRANT**

(Request for Bid sent to six vendors)

RFB #03-13509

	Applied BioSystems
1 ea. Genetic Analyzer, Four Capillary System, including 1-year warranty	\$83,666.45
Service Agreement for years 1 through 5	\$32,218.40
Grand Total	\$115,884.85
Brand/Model	Genetic Analyzer 3100 Avant
Delivery Date	14 days

On the recommendation of Jerry Phipps, on behalf of the Forensic Science Center, Don Brace moved to **accept the only bid received from Applied BioSystems for \$83,666.45, and the extended service agreement for a 5-year cost \$32,218.40, for a total of \$115,884.85.** David Spears seconded the motion. The motion passed unanimously.

Note: Other Forensic Labs were contacted to find out what types of genetic analyzer systems they used and all labs said that this system by Applied Biosystems was what they had in place. The current genetic analyzer being used by the Forensic Science Center is outdated and the manufacturer will no longer be supporting it.
