

BOARD OF BIDS AND CONTRACTS NOVEMBER 8, 2007

SAND SPREADERS WITH HYDRAULIC LIQUID APPLICATION SYSTEMS – PUBLIC WORKS

FUNDING – SPECIAL ROAD & BRIDGE EQUIPMENT & BRIDGE BUILDING FUND

(Request for Bid sent to four vendors)

RFB 07-0204

	Truck Parts & Equipment	Victor L Phillips
3 ea, Sand Spreaders with Hydraulic Liquid Application Systems, installation included	\$16,910.00 ea \$50,730.00	No bid
Acknowledge Addendum	Yes	N/A
Make/Model	Monroe MV-168-84-68, 304SS, 10/7	No bid
Warranty	1 yr	N/A
Delivery	75-90 days ARO	No bid

On the recommendation of Iris Baker, on behalf of Public Works, Anne Smarsh moved to **accept the bid from Truck Parts & Equipment for the amount of \$50,730.00**. Jennifer Dombaugh seconded the motion. The motion passed unanimously

Note - In discussion with vendors who did not respond, installation and availability of product at this time of year was an issue. Monroe model does not meet specifications in clean out system, structural steel tubing, capacity and length of the tanks, size of the hydraulic motor, and hose material. Public Works has reviewed product and deemed it acceptable.

This product needs to be ordered immediately due to winter needs; Truck Parts & Equipment and the manufacturer are looking at the delivery schedule to try to expedite product.
