On the recommendation of Randy Temple, on behalf of various Sedgwick County Departments, Don Brace moved to **accept the bid from Atlas Electric and Shelley Electric and establish contract pricing for one year, with two one-year options to renew.** Anne Smarsh seconded the motion. The motion passed unanimously.

Note -- Several scenarios were projected concerning hourly rate and time of day for the services and because the nature of the business creates a 24 hr. 7 day a week coverage, plus emergencies. Two vendors are being recommended as the low would vary depending on business need and timing. By contracting with 2 vendors, the County will obtain the best value and have additional flexibility in resources.
