On the recommendation of Kimberly Evans, on behalf of the Forensic Science Center, Jennifer Dombaugh moved to **accept the low responsive bid from SBC Communications (AT&T) for \$20,977.64**. Ron Estes seconded the motion. The motion passed unanimously.

This is all the phones and networking equipment needed for the new annex of the Forensic Science Center. Zones, Inc. did not bid the licenses necessary for the phones. Maintenance refers to the line items labeled as SMARTNET which is maintenance coverage on the Cisco hardware. The SMARTNET covers hardware for 3 years. SBC Communications (AT&T) typically delivers 14-21 days and is well within the time line that the equipment is needed.

On the recommendation of Kimberly Evans, on behalf of Risk Management, Jennifer Dombaugh moved to **accept the insurance premiums listed for an estimated annual cost of \$644,135.50**. Ron Estes seconded the motion. The motion passed unanimously.

Note: Insurance increase cost is due to increased Property values, resulting primarily from the Intrust Bank Arena and National Center for Aviation Training (NCAT) – Gateway Building. In addition, large losses were claimed due to damages resulting from the July 8, 2009, hailstorm. Slight increases in COMCARE – Professional Liability, Regional Forensic Science Center – Professional Liability, and Insurance Agent Fees also contributed.

Question was asked if this much increase was expected based mainly on property values; answer is yes. Question was asked how the rates might compare to next year, if they would stay relatively the same. Risk Management Director stated that the rates are mostly the same as 2008 rates; the difference will be property value. In 2010, the County will take on the completed Forensic Science Center, and two more buildings at the National Center for Aviation Training and a fire station, which will increase the premium.

13. PETERBILT PARTS & ACCESSORIES

FUNDING -- FLEET MAINTENANCE

(Request for Bid sent to eleven vendors)

RFB #09-0326

			Doonan Truck & Equipment
Item #	Part Number	Description	Current Base Cost
1	19020310	Alternator	\$188.25

9	07-07165	Coolant Overflow Tank	\$388.65
10	F69-6001-211	A/C Compressor	\$317.45
Mark-up Percent from cost			30%

On the recommendation of Kimberly Evans, on behalf of Fleet Management, David Spears moved to **accept the bid from Doonan Truck and Equipment and establish contract pricing with a maximum 30% markup from cost for one (1) year with two (2) one (1) year options to renew.** Anne Smarsh seconded the motion. The motion passed unanimously.

Note: Vendors were contacted to find out why they did not respond. Some were just too busy, while another responded that the Wichita area was covered by a competitor's territory.

The County tried to negotiate the mark up with Doonan to get it lowered. Doonan was unable to meet that request. If there is any decrease to the base cost of the item, the County will benefit from that savings. This product listing is not all inclusive of what may need to be purchased. This contract locks in the 30% markup from cost on all of the County's purchases.

Note: Tire Centers would not submit pricing for years 2 and 3. Becker Tire will hold pricing for years 2 and 3 as long as there is no price increase from the manufacturer. If that price goes down at any time, that savings will be extended to the County.

Question was asked if these are all the tires used? Answer was no, there is still another contract in place that provides the remainder of our tire needs.
