ADDENDUM #2

REQUEST FOR PROPOSAL 03-12673 SCANNERS AND RELATED EQUIPMENT

October 9, 2003

Dear Vendors:

Additional needs have been identified and added to the RFP 03-12673. Item 9. MINIMUM MANDATORY SPECIFICATIONS has been changed to add additional scanners **without** the pre and post imprinters. Some departments within the County will not have the need for imprinters. The original document stated the vendor was to do the installation; Addendum #1 changed that to the County staff to do installation. This addendum will ask for you to include a price for installation as an option. Please include the attached page with your proposal response.

The due date has been extended one week. Should you elect to participate, three (3) copies of the entire original document and the attached additional page must be completed and returned in a sealed container/envelope to the Sedgwick County Purchasing Department on or before 1:45 p.m. CDT, Tuesday, **October 21**, 2003. Late or incomplete responses will not be accepted and will not receive consideration for final award.

Please acknowledge receipt of this addendum in the appropriate place on your Proposal Response Form.
