## REQUEST FOR PROPOSAL #07-0210 UNEMPLOYMENT COST MANAGEMENT SERVICES

### ADDENDUM #1

November 2, 2007

This addendum provides answers to the questions submitted for this project. Questions are italicized and the answer is bolded.

1. *How many UI hearings did the County attend?*  
A. **The County attends all hearings, usually via telephone conference, with HR/Legal representatives. About 46 since 4/1/06.**
2. *Who is the current vendor of services to the County?*  
A. **Talx is the current vendor.**
3. *What is the most recent or annual fee paid for service?*  
A. **Cost is about \$6,500-7,000 annually.**
4. *In a few places in the RFP there is reference to using the unemployment services "on a case-by-case" basis (cover sheet); "average percentage of time spent on each representation" (p.5 item 11.7) and "aggregate hourly rate" (p.5, item 11.9). While each of these can be calculated it would be helpful to know if the County is seeking a full compliment of services or wishes to pick services as the need arises. Again this impacts the pricing.*  
A. **The county desires a full compliment of services. However, it recognizes that not every case requires legal representation. Therefore, contractors should provide pricing for services outlined and indicate an aggregate cost for services including hearing representation and an aggregate for those services which would not require hearing representation.**
