PLANNING DEPARTMENT

D. CASE NUMBER V-1965 - REQUEST TO VACATE ACCESS CONTROL LOCATED SOUTH OF 47TH STREET SOUTH AND WEST OF GREENWICH ROAD.

Mr. Marvin Krout, Director, Metropolitan Area Planning Department, “We have one item, this is a vacation case. It is an advertised public hearing. I’d like to have the one slide.

SLIDE PRESENTATION

“This concerns two lots in the Quail Creek Estates Addition. This addition is south of 47th Street South and west of Greenwich Road, in the southeast part of the County. There are about a dozen lots that were platted in this addition, five acres lots, but in the area where five acres lots are a subdivision. Originally, two years ago, it was platted with lots, as you can see, oriented toward a cul-de-sac, Saddle Road Circle, with access control dedicated completely to Greenwich Road, so that all the lots would have access off of that cul-de-sac.

“I think that at the planning stage, there was some recognition that there might be some difficulties with that because the land grades down from Greenwich to the west toward that cul-de-sac. The applicant decided that he would work around the problems though and he did grant complete access control to Greenwich with the access off of Saddle Road Circle to lots one, two, and three. Lot one also has access to 47th Street. That’s not a problem, but lots two and three have turned out to be problems.”
Regular Meeting, September 11, 1996

“Either you have to locate the lagoon uphill of your house if you’re going to try to put your house close to the cul-de-sac, which is a little bit of a problem or else you have to have your driveway meander past the picturesque lagoon on its way to the house and have the house over toward Greenwich and have to take the driveway from the cul-de-sac past the lagoon to get to the house. What the applicant has requested is to break the access control on Greenwich. Didn’t think either one of those were realistic solutions, and has offered a joint access agreement so there would be one point of access on Greenwich shared at the intersection of lots two and three on Greenwich Road. That will provide access to the proposed lots, which would be then over on the northeast side and the lagoons down hill, which is where the lagoon ought to be on those lots.

“The Planning Commission recommended approval by unanimous vote. We sent notices out to the surrounding property owners and no one appeared in opposition. I’ll try to answer any questions you have on this case.”

**Chairman Winters** said, “Okay, Marvin I see no questions right now. I think we will open the public hearing to see if there are any citizens here who would like to talk about this. At this time, I will open the public hearing for discussion of Case Number V-1965, regarding the vacation of access control on 47th Street South and west of Greenwich Road. Is there anyone here who would like to address the Commission on this issue? Is there anyone here who would like to address the Commission on this issue? Seeing no one, we’ll close the public hearing and limit discussion to Commissioners and staff. Commissioners, you’ve heard the report, are there questions? If not, what’s the will of the Board?”

**MOTION**

Commissioner Gwin moved to approve the Vacation Order and authorize the Chairman to sign.

Commissioner Miller seconded the Motion.

**Chairman Winters** said, “Thank you. I would indicate that Commissioner Schroeder was contacted about this since it is in his district and he had no problems with this. So, no questions from him. Any other discussion or questions? Seeing none, call the vote please.”

NEW BUSINESS

E. APPLICATION TO U. S. DEPARTMENT OF JUSTICE FOR FISCAL YEAR 1996 STATE CRIMINAL ALIEN ASSISTANCE PROGRAM FUNDS.

Mr. Lyman Reese, Major, Sheriff’s Department, greeted the Commissioners and said, “Beginning in 1996, the Bureau of Justice created a program for reimbursement to local counties and criminal justice system for the State Criminal Alien Assistance Program. Under this program, undocumented aliens that are convicted of a felony locally, we can apply for funds to reimburse Sedgwick County for the care and custody and anything associated with that trial. We’ve researched our records back through January of 1996. We’ve found two individuals that fall under these guidelines and parameters given. The document you have in front of you is an application to have Sedgwick County reimbursed for $19,349. We would like to have you sign that and we’ll submit that for you.”
Regular Meeting, September 11, 1996

Chairman Winters said, “Okay. Lyman, the question I had, does someone have to be really serving out a sentence to be eligible for this? I noticed in the newspaper this weekend that there was a sizeable increase, either Friday or Saturday, or some folks that were brought in. Can these funds be used for that type of operation?”

Major Reese said, “No. Friday evening, there were twenty-one illegal aliens located and we did incarcerate those, but under those, we simply turn them over to I.N.S. and they took care of that. This program is for somebody that commits a felony and is convicted of that felony within Sedgwick County.”

Chairman Winters said, “Okay, very good. Commissioners, are there other questions of Lyman?”

MOTION

Commissioner Miller moved to approve the Application and authorize the Chairman to sign.

Commissioner Hancock seconded the Motion.

F. BUREAU OF COMPREHENSIVE COMMUNITY CARE (COMCARE).
1. AGREEMENT WITH SEDGWICK AREA NOT FOR PROFIT HOUSING ORGANIZATION TO PROVIDE DEVELOPMENT OF HOUSING OPTIONS FOR PERSONS WITH DISABILITIES AND TO OPERATE A HOME OWNERSHIP PROGRAM FOR DISABLED PERSONS.

Ms. Donaldson said, “This particular contract is one we’ve done ongoing work with in terms of developing housing options. It is actually more commonly known as SANCHO. We’ve been really pleased with this. We’ve developed other housing options and I think one of the most exciting things that has happened is really working toward home ownership, because this is something that many people with disabilities have often been concerned that this would never be an option for them in their lives. We’re finding that it is possible and actually they end up making payments that are much lower than some of the rent payments they’ve had to make in other situations. We’re asking your approval and I’d be glad to answer any questions.”

Chairman Winters said, “Thank you Deborah, there is a question. Commissioner Miller.”

Commissioner Miller said, “Thank you Mr. Chairman. Debbie, I’m going to be supportive of this, definitely. I would just like an example of home ownership, moving in that direction. Have we done this already?”

Ms. Donaldson said, “Yes, we have, on several different occasions, in terms of helping individuals find a home that they could afford and helping them work through the different things that are involved in purchasing a home and getting themselves settled. “Like I said, in many cases, for these individuals, who are disabled and have those kinds of problems and may be on a fixed income, the actual dollars that they’re having to expend for that house payment is actually less than what they were having to put into rent.”

Commissioner Miller said, “Okay, thank you. Thank you Mr. Chairman.”

Chairman Winters said, “Thank you very much. Commissioners, other discussion? If not, what’s the will of the Board?”
Regular Meeting, September 11, 1996

MOTION

Commissioner Miller moved to approve the Agreement and authorize the Chairman to sign.

Commissioner Hancock seconded the Motion.

There was no discussion on the Motion, the vote was called.

2. CONTRACT WITH KANSAS DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES, COMMISSION OF MENTAL HEALTH AND DEVELOPMENTAL DISABILITIES, ALLOCATING FUNDS FOR PERSONS WITH DEVELOPMENTAL DISABILITIES.

Ms. Donaldson said, “Commissioners, you may remember that several months ago I brought you a two-month contract saying we needed to finish negotiations on the contract with the State for individuals with developmental disabilities. This is the result of those two months of negotiations and this is the contract for the rest of the fiscal year. “This allows for the billing and funding and provision of services for individuals with developmental disabilities throughout that year and our oversight and monitoring of those services. I’d be glad to answer any questions.”

Chairman Winters said, “Okay, thank you. Commissioners, any questions?”

3. ADJUSTMENT OF THE COMCARE STAFFING TABLE TO DELETE ONE PSYCHIATRIC NURSE, RANGE 21 (VACANT POSITION), AND ADD TWO CASE MANAGERS, RANGE 16, FOR THE HEARTLAND PROGRAM; AND ADD TWO CASE MANAGER SPECIALISTS, RANGE 17, AND ONE PART-TIME CLERICAL POSITION (NO BENEFITS) FOR THE SUPPORTED EMPLOYMENT PROGRAM.

Ms. Donaldson said, “Commissioners, these staffing changes are the result of our assessment of what would be needed to adequately provide services for the Heartland Program. This year is our first year that money has been released in terms of us also being able to use it for individuals who would in fact be eligible for placement in a nursing facility and allows us to use those dollars to keep them in the community. So we have looked at that and we’re asking some staffing changes for that. Also, in terms of the Employment Program, we looked at our numbers to see where we’re really strong and where we need to do a little more work. We want to do a little more work in terms of Employment. We’re very good at getting people into independent living and would like to build up our employment figures with folks we work with. I’d be glad to answer any questions.”
Regular Meeting, September 11, 1996

Chairman Winters said, “All right, thank you. Commissioner Miller.”

Commissioner Miller said, “Thank you Mr. Chairman. I noticed that and I’m just going through the background information, and noticing that the additional two range sixteens will be covered through salary savings, correct? And then there is also the addition of the two Case Managers Specialists, range 17, and the one part-time clerical. How are those?”

Ms. Donaldson said, “Through Mental Health Reform.”

Commissioner Miller said, “So it is through grant funding?”

Ms. Donaldson said, “Right. All of these dollars are State dollars.”

Chairman Winters said, “Okay. Thank you very much. Any other questions?”

MOTION

Commissioner Hancock moved to approve the adjustments to the COMCARE Staffing Table.

Commissioner Gwin seconded the Motion.

There was no discussion on the Motion, the vote was called.

G. REALLOCATION OF TELECOMMUNICATIONS MANAGER SALARY FROM RANGE 25 TO RANGE 26 AND WAIVER OF PERSONNEL POLICY TO AUTHORIZE HIRING AT STEP 4 OF THE NEW RANGE.
Mr. Bob Rogers, Assistant County Manager, greeted the Commissioners and said, “The position for Telecommunications Manager was opened for recruitment earlier this year after you approved the position. In reviewing the salaries of the applicants and also in talking with other telecommunication manager type people in the area, it has become apparent to us that the salary range that was assigned to this position initially was not within market. Personnel Department has reviewed this position at our request again and is recommending that the position be reallocated from a range 25 to a range 26. Also, requesting a waiver from the personnel policy and authorization to hire for this at Step four. The reason for this request is that the desired candidate, honestly the only candidate we have been able to find that meets the qualifications for the position, has extensive knowledge of telecommunications, will not require extensive training and is the only candidate, as I said, who meets all of the selection criteria. Even at Step four, it is going to be a close call as to whether this individual would accept the offer or not and we’re not sure that it will be possible, but we’re going to it if you’ll approve it. So we’re requesting approval of the range reallocation and a waiver to the personnel policy regarding the step.”

Chairman Winters said, “Thank you. Commissioner Gwin.”

Commissioner Gwin said, “You said this is the only person we found that met all the criteria, are we asking too much or expecting too much, or is this a new field or a field that is going away?”

Mr. Rogers said, “Almost all of the above. I don’t believe it is a field that is going away, I believe it is a field that is up and coming. We had a luncheon with telecommunications managers and folks from the school district, the City, the major industries here in town. We couldn’t find an awful lot of those folks that have the responsibilities that we’re looking for. That is, assuming the total responsibility of telecommunications for the County. There are no degrees. There are very few institutions that have a degree in Telecommunications Management. Electronics Engineering is about the closest that we’ve been able to find. We had just under forty applications for the job. We used a selection committee. The committee interviewed seven folks and then Mr. Gains and I interviewed three after that. It’s been a tough process trying to find somebody who meets the education and experience requirements that we’re looking for to lead us into the next century in telecommunications.”

Commissioner Gwin said, “Sounds like it will be a very demanding job then.”

Mr. Rogers said, “I anticipate it will.”
Regular Meeting, September 11, 1996

Commissioner Gwin said, “Thank you Mr. Rogers.”

Chairman Winters said, “Okay, thank you. Bob, when you say that, this position has the potential of saving the County some money. I mean once we get this coordinated, it could also lead to efficiencies but also some dollar savings and expense, is that not right?”

Mr. Rogers said, “Yes sir. I believe it will save us money in the long run and I believe it will allow us to provide better service to the citizens of Sedgwick County.”

Chairman Winters said, “Okay, good. Commissioners, you’ve heard the report, any more questions? If not, what’s the will of the Board?”

**MOTION**

Commissioner Gwin moved to approve the range reallocation and step waiver.

Commissioner Miller seconded the Motion.

**H. SEDGWICK COUNTY GRIEVANCE HEARING BOARD APPOINTMENTS.**

- Elected Official: Michael D. Hill, Sheriff
- Alternate Elected Official: Betsy Gwin, Commissioner

Page No. 17
Ms. Mary Ann Mamoth, Personnel Director, greeted the Commissioners and said, “I am here to request your approval of the Resolution appointing members to the Sedgwick County Grievance Board. This board was established in 1977 to provide a method for very equal treatment regarding employment issues for employees in the County. This board has evolved and changed down through the years. There are now three members serving on that board. We have a hearing officer that investigates employment related issues and if that employee does not feel like they’ve gotten a fair shake in that arena, then they have a right to come before the Grievance Board. I think it has proven to the employees of Sedgwick County that you as a Commission, and the County Manager, have a real commitment to allowing them to address these issues and these kinds of problems in an internal arena. These appointments are for two years and as Susie said, the appointees by the County Manager are Sheriff Mike Hill and Susan Erlenwein is a department head, and the employees select a representative. We have an election for them and they have elected Larry Brookman from the department of Public Services. Would request your approval.”

Chairman Winters said, “Thank you Mary Ann. Commissioners, are there questions? If not, what’s the will of the Board?”
