These are replacement vehicles for the Sheriff's Office, surplus will be sold on Purplewave.

*Ed Bozarth did not meet specifications because the gear shift is located where the emergency radio and components are placed in the Sheriff vehicles, and the wheelbase did not meet the minimum dimension.

Question- What's the difference between a Dodge Charger and a Dodge Charger SE? Landmark Dodge is offering a police vehicle, Davis-Moore is offering a Dodge Charger SE a vehicle advertised for public purchase. The two cars come with different options, the police vehicle is offering a console package which includes a column shift to allow room to mount emergency equipment.

Question- Where is Landmark Dodge located? Independence, Missouri.

Question-So, Davis Moore did not meet all the specifications for the police vehicle? They met some of the specifications, they could not meet the specification for the console.
