**1. CHANGE ORDER #1 - PREVENTION/EARLY INTERVENTION SERVICES - DIVISION OF HUMAN SERVICES  
FUNDING - SEDGWICK COUNTY COMMUNITY CRIME PREVENTION FUND  
(Contract Amendment)**

RFB #13-0027 Contract

	<b>Central States Region Youth for Christ USA, Inc. dba Youth for Christ Wichita</b>
Additional funding for educational program for expelled youth	<b>\$120,000.00</b>

On the recommendation of Joe Thomas, on behalf of the Division of Human Services, Jennifer Dombaugh moved to **accept the change order for additional funding in the amount of \$120,000.00 for program services with Central States Region Youth for Christ USA, Inc. dba Youth for Christ Wichita.** Linda Kizzire seconded the motion. The motion passed unanimously.

The original recommendation for these various prevention and early intervention services targeted to youth at risk for juvenile delinquency were awarded to nine vendors including \$120,000.00 to the Boys & Girls Club of South Central Kansas. Notification was received from the Boys & Girls Club of South Central Kansas that they would not renew their crime prevention grant.

The grant award committee convened to review the program and population served and determined that this program was an important component to the crime prevention continuum of services. The committee agreed that among the existing crime prevention grantees there existed all the necessary skills and expertise to create an effective program to serve these expelled youth. It was agreed to approach the existing grantees to see if they were willing to collaboratively develop this program.

The grantees that agreed to come to the table included: Youth for Christ Wichita, Communities in Schools, Episcopal Social Services, Kansas School for Effective Learning (KANSEL) and Higher Ground. KANSEL eventually bowed out, but the other providers assisted with the program development and most agreed to collaborate on this program without additional funding.

Youth for Christ Wichita had been working on obtaining additional space and agreed to manage the program at this new site. The contract amendment increases Youth for Christ Wichita's existing crime prevention contract to add in funding for this educational program, newly christened McAdams Academy. The goal is to open the program for the fall 2014 semester.

**Note:** The original contract with Youth for Christ Wichita was for \$80,000.00. Total for change order 1 is \$120,000.00, which represents a 150% cost increase from the original contract.

Question: When will this program begin since we are already in the middle of the fall semester? Jeannette Livingston, Assistant Director – CDDO, answered that the goal is to have the program up and running November 1st.

Question: What type of program is this? Jeannette answered that it serves middle and high school students from Sedgwick County who have been expelled for 186 days for committing what is classified as a “no tolerance offense,” such as bringing drugs or weapons to school or assaulting a staff member. The program offers educational and cognitive skill-building. Working with the school system, the student will have a similar program to that which was offered by the Boys & Girls Club that would allow students to earn credits that are transferable when they return to school.
