SCDDO STRATEGIC PRIORITIES

Community Developmental Disability Organization

*Sedgwick County...
working for you*

SCDDO MISSION

Assisting people with
intellectual and developmental disabilities (IDD)
to receive quality services
and achieve greater independence.

The Sedgwick County
Developmental Disability
Organization will strive to
achieve the following results
for citizens who have

IDD=

**By 2019,
80%**

**of individuals with IDD living in
the community will *experience life*
according to their preferences as
described in an individualized plan.**

**By 2022,
20%** of individuals with IDD
currently living in an
institutional setting will
transition to a less restrictive,
**community based
environment.**

*SCDDO will achieve these results
by strategically focusing on:*

Developing a **Trauma-informed** *system of care that...*

- **Ensures** that trauma is identified and addressed for individuals with IDD.
- **Integrates** Trauma-Informed Systems of Care Guiding Principles into the culture of the Sedgwick County IDD service system.
- **Strives** for implementation of Trauma-Informed Systems of Care that is comprehensive, deliberate and paced over time.

SCDDO
VISION

Disabilities

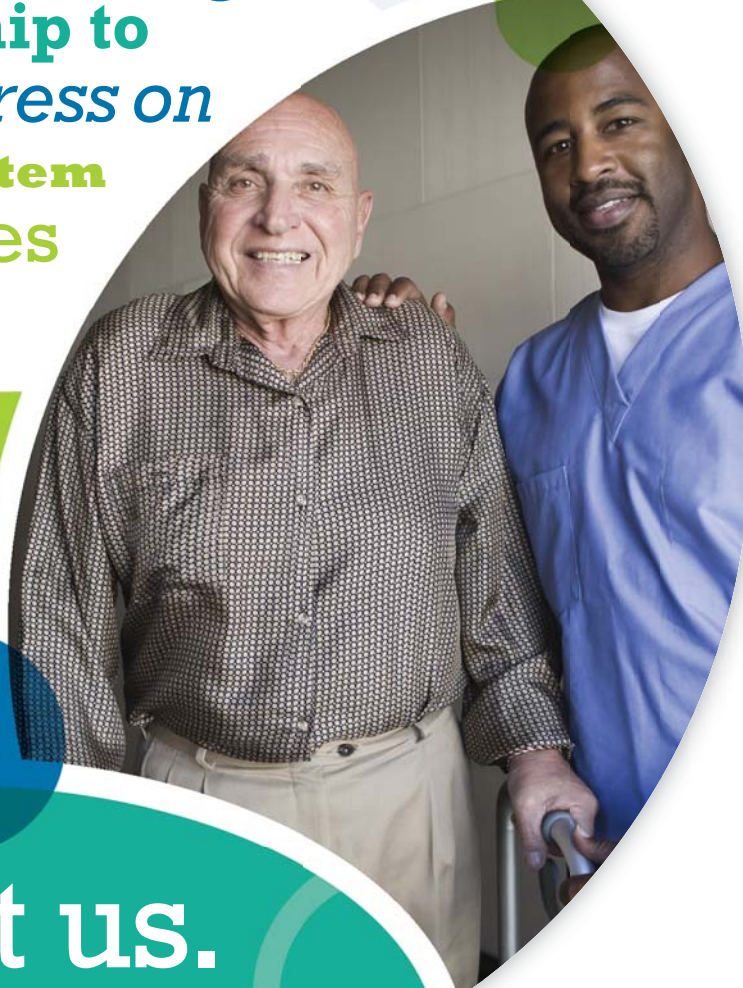

Meeting
the needs of
individuals with
co-occurring
behavioral
health needs
by...

- **Improving** communication/collaboration among IDD and behavioral health providers.
- **Enhancing** training to help both IDD and Behavioral Health systems understand the complexities of co-occurring disorders and the roles of providers in supporting individuals with these needs.

do not

Providing leadership to *make progress on* **complex system** **challenges** *through...*

- **Leadership** development support for all SCDDO staff members regardless of assigned role.

limit us.

In the **fall of 2016**,
the Sedgwick County Developmental Disability
Organization (SCDDO) collaborated with stakeholders to
engage in planning activities to address the needs of people with
Intellectual and Developmental Disabilities (IDD).

Facilitators from *Wichita State University's Community Engagement Institute Center
for Organizational Development and Collaboration* guided the process to address

3 FOCUS AREAS:

- Improved community support for individuals with co-occurring IDD and behavioral health needs
- Trauma-Informed Care for Individuals with IDD
- Support for an adaptive and innovative IDD service system

will develop **annual plans** to include
goals and objectives
to make progress over the *next five years*

to achieve results on the behalf of individuals with IDD, their families, support systems and providers of service. SCDDO will look to community stakeholders to explore best practices, develop new initiatives and conduct ongoing course correction to ensure that people with IDD receive quality services and achieve greater independence.
