Description of Major Services

In 1995, the Developmental Disabilities Reform Act (K.S.A. 39-1805) created new opportunities in the lives of people with intellectual and/or developmental disabilities (ID/DD) in Kansas. Individuals who previously lived their lives institutionalized in public and private hospitals were given the chance to be supported in the community with the option of selecting their service provider from available local agencies to increase their independence, productivity, integration and inclusion in the community. County Developmental Disability Organizations (CDDOs) were established by the Act to be the single point of entry for an individual or family to obtain services through the intellectual and developmental disabilities system in the State of Kansas. The Sedgwick County Community Developmental Disability Organization (SCDDO) is the largest of the 27 CDDOs in the State of Kansas and is committed to helping people with developmental disabilities access quality services and achieve greater independence within the community.

Intellectual and/or Developmental Disability (ID/DD) is characterized by the early onset of significantly sub-average intellectual functioning and/or the existence of a condition that is attributable to a mental and/or physical impairment(s). In 2011 there were over 2,300 people eligible for the ID/DD system in Sedgwick County.

The SCDDO plays the unique role of a one-stop resource and point of entry for individuals and families with ID/DD. Part of the SCDDO’s role is to determine eligibility for program funding and maintain a network of service providers who ensure that a wide range of essential services are available to all individuals with ID/DD. Additionally, SCDDO staff review requests for service funding, manage local/State/Federal funding, monitor services for quality assurance purposes, and provides outreach and education to facilitate public awareness of intellectual and developmental disability issues.

Managing increasingly scarce resources has influenced a greater focus on innovative, collaborative and proactive solutions to complex problems. Partnerships have served as the foundation for success and the SCDDOs partnership with the State of Kansas is primary and critical to delivering services due to the State contracts that account for the majority of the local system funding.
Partnerships with local providers are just as critical in ensuring that an array of supports and services are available to those in need. In an ongoing effort to address challenges in Sedgwick County, the SCDDO has worked together with local affiliate agencies, community partners and others with vested interests to further initiatives such as the Community Council, the Developmental Disability Advisory Board and capacity building and strategic planning efforts with other community partners.

Programs and Functions

Reflecting the existence of the largest ID/DD population in the state, Sedgwick County has a variety of community resources aimed at supporting individuals impacted by ID/DD related issues. The following are a few of such resources available to Sedgwick County citizens: the Advocates in Communities Team of South Central Kansas (ACT) is a five-county legislative advocacy group that links individuals with disabilities and their advocates with elected officials; the WSU Adolescent Family Checkup program is designed to promote family skills with a focus on the family unit; the Crisis Intervention Training (CIT) program provides specialized training to law enforcement officers on de-escalating potentially dangerous situations involving individuals with mental illness and/or ID/DD; the SCDDO also has a working relationship with a licensed psychologist who works together with individuals and their support teams to develop interventions and provide individual therapy at no charge; Goodwill Industries’ Good Guides program is a yearlong mentoring opportunity that seeks to engage adult volunteers with individuals with ID/DD; the Parsons Outreach Team is a statewide support resource for individuals dually diagnosed with ID/DD and mental illness.

Current and Emerging Issues

CDDO is planning for the future by encouraging and supporting staff in their efforts to participate in County trainings, professional development, and mentoring activities on an on-going basis. Cross training among staff areas is also encouraged to help facilitate internal learning and development among teams.

The State of Kansas will be implementing KanCare, Medicaid managed care, in January 2013. All Medicaid enrollees will be participants in the medical component of KanCare but the long-term care services for people with ID/DD will not be included until one year following implementation. During 2013, pilot project sites are planned to be developed across the state but to date have not been determined. The CDDO is continuing to work with state and local partners on the potentially changing landscape for ID/DD services.

Budget Adjustments

Changes to the SCDDO 2013 budget include a reduction of $160,320 from the Supported Employment Program funding pool and the reduction of $26,346 in commodities due to the conclusion of the Great Expectations Employment Initiative contract in 2012 within grant funds.
PERFORMANCE MEASURE HIGHLIGHTS

The following chart illustrates the Key Performance Indicator (KPI) of the Sedgwick County Developmental Disability Organization.

Quality Service and Timely Access Provided to those in need -

- The primary KPI for the SCDDO is an index of five secondary indicators: Utilization of Available Resources, Contract Monitoring Results for Day Programs, Contract Monitoring Results for Residential Services, Contract Monitoring Results for Case Management, and Eligibility Timeliness.

The CDDO contracts with a variety of community service providers to deliver essential services to individuals in the Intellectual Disability/Developmental Disability system. Throughout this process, the CDDO plays the essential role of bringing funding, service providers, and clients together to provide the greatest benefit. This funding area provides for the local County Finance Plan that funds provider agencies for serving individuals in crisis, in their day, and residential programs. The County Finance Plan also provides for programs as outlined in affiliation agreements.

**Goal(s):**
- Expand on the financial system to allow for more expedient and accurate tracking of individual needs and services
- Monitor and update BASIS client information system to ensure the State of Kansas has accurate information regarding client services and needs in Sedgwick County
**Service Access & Outreach**

Service Access and Outreach (SAO) acts as a central point of application and information for individuals entering the CDDO system. This function is designed to provide consumers with the information they need to make informed choices about services available while alleviating misinformation, confusion, and uncertainty for new consumers. The sub-program is also the only place in the Intellectual Disability/Developmental Disability system in which the eligibility of clients for services is determined. Once eligibility has been determined, SAO then provides consumers information to select a provider of case management. Request to change providers are also processed by SAO.

**Goal(s):**

- **Educate citizens about the services available through the CDDO**
- **Ensure that application for available services is simple, quick, and understandable**
- **Inform those eligible for MR/DD services of their service choices**

---

**Quality Assurance**

Quality Assurance partners with affiliated service providers to ensure clients receive high-quality services that meet their individualized support needs. Quality Assurance makes regular site visits to service settings, meets with providers of services to discuss programs, and maintains a quality assurance committee that visits a 10 percent sample of clients. Quality Assurance also performs contract-monitoring to ensure that affiliated service providers are meeting the terms and expectations of the annual affiliation agreement.

**Full-Time Equivalents (FTEs)**

- 2011: 4.40
- 2012: 4.50
- 2012 Revised: 4.50
- 2013: 4.50

**Goal(s):**

- **Provide consultation to affiliated providers on matters of individual and systemic quality assurance issues**
- **Actively monitor whether all providers of day, residential, in-home supports, and case management services are meeting contractual and procedural requirements**
**State Aid**

These funds are available through the State of Kansas to be used at the discretion of each CDDO. In previous years the SCDDO pooled these funds with funding from Sedgwick County for the County Finance Plan. State Aid served as a key component of the County Finance Plan as it provided a local mechanism to serve individuals who may be in crisis by assigning them to agencies to be served immediately, provided funding for case management for those without Medicaid and helped fund children's programs. State Aid funds services for individuals not eligible for the Home Community Based Service-Mental Retardation/Developmental Disability Waiver and whose services were previously funded by the state.

**Consumer Services**

Prior to State Fiscal Year 2012 the SCDDO received funding from the State of Kansas to serve individuals who are eligible for services, but typically not eligible for the Home Community Based Service-Mental Retardation/Developmental Disability Waiver. The SCDDO contracts with a variety of community service providers to deliver essential services to individuals in the intellectual Disability/Developmental Disability (DD) system. Throughout this process, the SCDDO plays the essential role of bringing funding, service providers, and individuals served together. The services provided in this area used to include residential services, day services and family support. State grant funds were eliminated for the DD system in State Fiscal Year 2012. People who had their services funded through this source will now have their services funded through State Aid. Others who are waiting for funding for services funded through this source will seek other options, including competitive employment. State grant funds to the CDDO now pay only for children's residential reimbursement that was negotiated with SRS.

The SCDDO receives funding from the State of Kansas for the administration of the SCDDO. This funding is to be used to defray the administration of the 1995 Developmental Disabilities Reform Act and cannot be used to serve individuals. The Service Access and Outreach and Quality Assurance areas also are funded through this source. This area represents the Administration and Finance staff and functions of the Department including the day-to-day expenditures.

### Goal(s):

- Provide efficient management of the SCDDO and work with affiliate agencies to ensure the needs of persons served are met.
- Monitor funding processes to maximize number of individuals who can be served and provide timely funding to service providers.
- Include stakeholders in assessing the current status and future of the local system of supports for those with developmental disabilities.

### Great Expectations

The SCDDO was awarded a two-year contract in December 2010 with Kansas Rehabilitation Services. Through this contract, the Department will work to change the perception of competitive, integrated employment. The goal is for 90 individuals with intellectual and/or developmental disabilities to gain and maintain employment in the community.
