**Mission:**

- Dedicated to a safe, sustainable, competitive food and fiber system and to strong, healthy communities, families, and youth through integrated research, analysis, and education.

The Sedgwick County Extension Council provides educational seminars and information on a variety of topics: (1) Family and Consumer Sciences including food safety, nutrition, clothing, housing, environmental issues, personal budgeting, parenting, assistance to the elderly regarding health care and insurance-related issues; (2) 4-H and educational opportunities for the positive development of youth; (3) Agriculture and Horticulture Education information to landowners regarding farming and gardening, soil testing, and information regarding composting and environmental safety.

The Extension Council is funded by Sedgwick County, the federal government, and the State of Kansas. Both federal and state funds are allocated through Kansas State University. Sedgwick County allocates quarterly payments to the Extension Council for its annual contribution.

Horticulture continues to assist businesses and home owners with adapted plant and tree selection for south central Kansas. Over 210 Master Gardeners assist with horticulture outreach, volunteering 18,143 hours and reaching 40,634 direct client contacts in 2006.

In 2006, the Extension Service sponsored the Health Insurance Counseling Program (SHICK). Through the Family and Consumer Science department, the Extension Council coordinated training and educational events for seniors considering enrollment in a Medicare D prescription drug program. There are currently 60,000 Medicare recipients in Sedgwick County. Due to the efforts of the Extension Council, a total 24,394 seniors received information to determine which prescription drug program was right for them.

Website improvements during 2006 led to the launch of a new website, [www.SedgwickCountyExtension.com](http://www.SedgwickCountyExtension.com). The site provides the public with various types of education information.
