On the recommendation of Kim Evans, on behalf of Emergency Communications and DIO, Jennifer Dombaugh moved to **accept the quote from Emerson Network Power, Liebert Services, Inc. in the amount of \$109,359.01.** Tim Kaufman seconded the motion. The motion passed unanimously.

Emerson Network Power, Liebert Services Inc. is the provider of the equipment in use to provide electrical backup for all county IT equipment. This hardware includes UPSs (Uninterruptible Power Supplies), AHUs (Air Handler Units), PDUs (Power Distribution Units), and all critical components in protecting Sedgwick County datacenter equipment (switches, servers, SANs, etc). Maintenance is paid each year based on equipment in use at the time of renewal.

Last year, the County spent \$67,701.00 on maintenance and support. The additional cost in 2016 is for replacement of aging batteries in the current systems. Batteries in these systems should be replaced every five years.

**2. SECURITY SYSTEM UPGRADES-JUVENILE DETENTION FACILITY (JDF)
FUNDING-JUVDET SECSYS/PCREPL
(Hardware/Software Maintenance)**

#16-2008 S/C #8000080038

	Com-Tec Security, LLC
Hardware and Software Upgrades to security system at Juvenile Detention Facility	\$112,745.00

On the recommendation of Kim Evans, on behalf of JDF, David Spears moved to **accept the quote from Com-Tec Security, LLC in the amount of \$112,745.00**. Jennifer Dombaugh seconded the motion. The motion passed unanimously.

JDF utilizes a security system originally installed by Com-Tec Security, LLC and is comprised of multiple components including hardware, software and engineering. Workstations currently in use need replaced, as Windows XP is nearing end of support through Microsoft and an updated operating system is a key component for required software upgrades to the security system. The current workstations have been in use since the building was opened in 2006. Additional updates will be applied to the software running the system and to the access card system.

3. **AGILENT MAINTENANCE AND SUPPORT-FORENSIC SCIENCE CENTER**
FUNDING-TOXICOLOGY/CRIMINALISTICS
(Hardware/Software Maintenance)

#16-2004 S/C #8000080097

	Agilent Technologies, Inc.
Hardware and Software maintenance 2/5/2016-2/4/2019	\$74,964.96/yr \$224,894.88

On the recommendation of Kim Evans, on behalf of Forensic Science Center, Tim Kaufman moved to **accept the quote from Agilent Technologies, Inc. for a three (3) year total of \$224,894.88.** Jennifer Dombaugh seconded the motion. The motion passed unanimously.

The Agilent instruments used in the Forensic Center's laboratories are a fundamental tool for identification and quantization (determining how much of a substance) of drugs found in forensic specimens. This includes all postmortem (autopsy) cases, driving under the influence and sexual assault cases, as well as analysis of illicit drugs.
