

What have you touched today?

Door knobs

Cell phone

Keys

mp3 player

Desks

Pencils

Steering wheel

Mouse and keyboard

Bus seat

You wouldn't put those things

in your mouth

but how will you use your hands today?

Applying lip balm

Twirling your gum

Picking your teeth

Eating - even small snacks!

Biting your fingernails

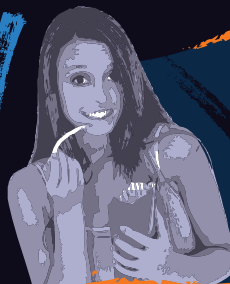

Sedgwick County Health Department

Sedgwick County...
working for you

Yep. Pretty gross

when you think about it.

So Wash your hands

Especially before they
touch your mouth.
