**REQUEST FOR PROPOSAL**  
**#13-0062**  
**ON-CALL PRESS PRINTING SERVICES**

June 7, 2013

SEDGWICK County, Kansas (hereafter referred to as County) will accept proposals to select a vendor to provide printing services for Sedgwick County. It is anticipated that an official contract and/or purchase order will be issued after Board of County Commission approval of the recommended proposal. It should be noted, however, that the County cannot guarantee the purchase of the product described herein.

Carefully review this Request for Proposal. It provides specific technical information necessary to aid participating firms in formulating a thorough response. Should firms elect to participate, one (1) original and one (1) electronic copy (CD/flash drive) of the entire document must be completed and returned with any supporting data in a sealed envelope/package, marked on the lower left-hand corner with the firm name and address, bid number, bid opening date, and returned to the Sedgwick County Purchasing Department, 525 N. Main, Suite 823, Wichita, KS 67203, no later than **1:45 p.m., CDT, Tuesday June 25, 2013**. Late or incomplete responses will not be accepted and will not receive consideration for final award. The time stamp clock in the Purchasing Department will determine the time of receipt.

Receipt of vendor proposals will only be acknowledged at the bid opening (no details or pricing will be read into record). After the evaluation process proposed base pricing for goods/services may be disclosed at the Board of Bids and Contracts meeting. Other information provided in your response will be considered proprietary and will not be divulged during the proposal evaluation process. Because purchases and contractual agreements of this nature require the expenditure of public funds and the use of public facilities, proposers shall understand that portions (potentially all) of their proposal (including final contracts) will become public record after acceptance of a proposal by the Board of County Commissioners. Accept our assurance that the information provided will be used for evaluating the ability of your firm to provide goods/services prior to award and will not be shared with any other persons not involved with the selection process.

### **1. ABOUT THIS DOCUMENT**

This document is a Request for Proposal. It differs from a Request for Bid/Quotation in that the County is seeking a solution as described on the cover page and in the following Background Information section. As such, the lowest price proposed will not guarantee an award recommendation. As defined in Charter Resolution No.65, Competitive Sealed Proposals will be evaluated based upon criteria formulated around the most important features of a product or service, of which quality, testing, references, availability or capability may be overriding factors, and price may not be determinative in the issuance of a contract or award. The proposal evaluation criteria should be reviewed as standards, which measure how well a vendor's approach meets the desired requirements and needs of the County. The criteria to be used and considered in evaluation for award are set forth in this document. The County will thoroughly review all proposals received. The County will also utilize its best judgment when determining whether to schedule meetings with vendors, after receipt of all proposals. A Contract will be awarded to a qualified vendor submitting the best proposal as determined by the County Counselor. Sedgwick County reserves the right to select, and subsequently recommend for award, the proposed service which best meets its required needs, quality levels and budget constraints.

The nature of this work is for a public entity and will require the expenditure of public funds and/or use of public facilities, therefore the successful proposer will understand that portions (potentially all) of their proposal may become public record at any time after receipt of proposals. Proposal responses, purchase orders and final contracts are subject to public disclosure after award. All confidential or proprietary information should be clearly denoted in proposal responses and responders should understand this information will be considered prior to release, however no guarantee is made that information will be withheld from public view.
