1. ABOUT THIS DOCUMENT

This document is a Request for Proposal. It differs from a Request for Bid or Quotation in that the County is seeking a solution, as described on the cover page and in the following background information section, not a bid or quotation meeting firm specifications for the lowest price. As such, the lowest price proposed will not guarantee an award recommendation. As defined in Charter Resolution No. 65, Competitive Sealed Proposals will be evaluated based upon criteria formulated around the most important features of the product(s) and/or service(s), of which quality, testing, references, service, availability or capability, may be overriding factors, and price may not be determinative in the issuance of a contract or award. The proposal evaluation criteria should be viewed as standards that measure how well a vendor's approach meets the desired requirements and needs of the County. Criteria that will be used and considered in evaluation for award are set forth in this document. The County will thoroughly review all proposals received. The County will also utilize its best judgment when determining whether to schedule a pre-proposal conference before proposals are accepted, or meetings with vendors after receipt of all proposals. A Purchase Order/Contract will be awarded to a qualified vendor submitting the best proposal. **Sedgwick County reserves the right to select, and subsequently recommend for award, the proposed service(s) and/or product(s) which best meets its required needs, quality levels and budget constraints.**

The nature of this work is for a public entity and will require the expenditure of public funds and/or use of public facilities, therefore the successful proposer will understand that portions (potentially all) of their proposal may become public record at any time after receipt of proposals. Proposal responses, purchase orders and final contracts are subject to public disclosure after award. All confidential or proprietary information should be clearly denoted in proposal responses and responders should understand this information will be considered prior to release, however no guarantee is made that information will be withheld from public view.

2. GENERAL & BACKGROUND INFORMATION

Sedgwick County, located in south-central Kansas, is one of the most populous of Kansas' 105 counties with a population estimated at more than 503,000 persons. It is the sixteenth largest in area, with 1,008 square miles, and reportedly has the second highest per capita wealth among Kansas counties. Organizationally, the County is a Commission/Manager entity, and hosts or provides a full range of municipal services, e.g. – public safety, public works, criminal justice, recreation, entertainment, cultural, human/social, and education.

In 2000, the County participated in the Tire Amnesty Program in cooperation with the Kansas Department of Health and Environment. The program collected 218,044 tire units. In 2004, the County held a waste tire collection event. This program collected 222,638 tire units. The waste tire collection event held in 2011 collected 155,878 passenger tire equivalents. To further enhance the environment, the County has chosen to provide this service again for all residents and certain businesses in Sedgwick County. Businesses that collect fees for the disposal of tires will not be eligible to participate. We anticipate this program will collect approximately 150,000 passenger tire equivalents. Contractor will remove all tires and associated materials from the site in a timely manner.
