36. *Under Mandatory Requirements, Vendor Requirements, item e: Have or have plans for a local office OR a local subcontractor.*

 - b) *What if said Vendor does not open said office? What if those plans change but the promise of a local office was considered in awarding a vendor this business? **A local presence, whether that be a storefront or a subcontractor is mandatory.***
 - c) *Will a local office or subcontractor be expected to have seamstresses and embroidery staff on hand 40 hours a week? **That will be up to the discretion of the vendor, Sedgwick County does expect the vendor to meet embroidery and alteration deadlines.***
 - d) *Will a local office or a local subcontractor be expected to be open at least 40 hours per week and staffed in a manner to handle at least three people at one time as routinely occurs with County employees currently? **That decision will be up to the discretion of the vendor; Sedgwick County does expect the vendor to meet the County's needs.***

44. *Under Uniform Requirements, item d, inform department/employee of receipt of PO or online order via confirmation of items ordered, additional patches, embroidery, brass, etc.: Can you please clarify what the last part of this sentence means? Sedgwick County is requiring that communication in the form of a confirmation when a PO or online order is placed, whether that be uniforms, patches, embroidery, brass, etc.*
45. *Under Uniform Requirements, item g, be warranted free from defects in materials and workmanship for a period of one year from delivery. If a bidder uses a subcontractor that is not an approved point of distribution and thus voids a manufacturer's warranty, it would make this item impossible. The expectation is that all respondents address this in their response.*
46. *Under Web-Based Ordering System, item a, provide adequate information to employees using the web-based ordering system: Please clarify what is considered adequate information. An employee should be provided enough information, by the contracted vendor, to successfully navigate the web-based ordering system.*
47. *Will each department that this RFP is for have representation on this committee and have an equal say in the final decision? A member from each department will be participating in the final decision.*
48. *Will all members of the committee be involved in checking references so that all committee members hear the same information from those references? Reference checks will be done by the committee.*
49. *Will there be a method of evaluation of each of the criteria that is measurable and transparent such as an equal amount of points per evaluation criteria? A total number of points for each area of measurement? Please refer to section 6, Selection Criteria, of the RFP.*
50. *What if bidders no bid some items? See question 1.*
51. *Will there be an expectation that any bidder prove their ability to match existing embroidery designs by submitting designs with the bid? Sedgwick County will work with the vendor to ensure embroidery is to our satisfaction.*
52. *How will "of equal or greater quality" be specifically and deliberately measured? Each department will determine what is of equal or greater quality.*
53. *Will wear tests be involved in measuring "of equal or greater quality"? Possibly, but that decision will lie with the department.*
54. *Will all evaluations be completed prior to the awarding of the RFP? Yes.*

55. *Will each agency be making the decision related to “of equal or greater quality” themselves via a measurement tool that will provide transparency while giving each agency the opportunity to decide what is best for their people? Each department will be determining equal or greater quality for their specific specifications.*
56. Included is a new copy of Appendix A with updated information from this addendum.

All addenda will be posted to the Sedgwick County Purchasing webpage, <http://sedgwickcounty.org/finance/purchasing.asp> no later than the date and time posted on the Request for Proposal document. **Vendors are responsible for checking the website and acknowledging any addenda on the Proposal Response Form.**
