ADDENDUM 1
16-0044a1
LIGHTING AND CAMERA UPGRADES

May 6, 2016

The following is to ensure that vendors have complete information prior to submitting a bid. Here are some clarifications regarding the proposal for the lighting and camera upgrades.

Questions are in bold, answers are in italics.

- 1. Question was asked if vendors would be responsible for any repairs or replacement of ceiling tiles due to this work.**
Yes, vendors will be responsible for putting the room back in the condition it was found. Any removed ceiling tiles or outlets should be repaired, or replaced.
- 2. The county is asking for an HD upgrade option and it is stated to replace all current camera equipment. I just wanted to be sure it was not just the cameras and implementing HD at a later time?**
If the county would choose to go HD, the transition to HD is not just the cameras but it would also include the equipment in the control room. The current equipment will not support HD. So, the quote would need to encompass all.

Firms interested in submitting a bid, must respond with complete information and **deliver on or before 1:45 p.m. CST Tuesday May 17, 2016.** Late bids will not be accepted and will not receive consideration for final award.

“PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON THE BID RESPONSE PAGE.”
