DESCRIPTION OF DENTAL CARE COVERAGE

This Description of Dental Care Coverage is issued to the Subscriber by Delta Dental of Kansas, Inc., hereinafter referred to as “DDKS”, a nonprofit dental service corporation incorporated under the laws of Kansas.

This document is intended to be an easy-to-read outline of the principal features of your dental coverage program and constitutes your summary of the Agreement and contains the provisions of your dental coverage. The Agreement between your Employer and DDKS is the controlling document for all benefits, terms and conditions and supersedes all other written or verbal communications regarding the Plan. Only the cost of dental procedures necessary to eliminate oral disease or for appliances or restorations required to replace missing teeth are benefits under the Agreement and then only if identified as a covered dental benefit in the “Summary of Dental Plan Benefits” section. Certain restrictions may be applicable to your coverage. It is important to review the “Exclusions and Limitations” section of this document for these conditions.

If any state or federal legislation or regulation is in effect, enacted, or amended mandating a change in the dental benefits described in this booklet, appropriate modifications will be made in the benefits provided under the Agreement.

HOW TO USE YOUR PLAN

Make an appointment with your Dentist. Tell the Dentist that you are covered by Delta Dental of Kansas, Inc.

If the planned treatment involves prosthodontic or orthodontic procedures, individual crowns (except stainless steel), gold restorations, surgical periodontics, endodontics or oral surgery, except for simple extraction of a single tooth, the Dentist should submit a treatment plan to DDKS to determine how much of the bill will be paid by DDKS and what your share of the cost will be. Failure by your Dentist to predetermine benefits may result in a higher cost to you than anticipated if, in the professional judgment of DDKS's consultant, the treatment is not necessary or a lesser procedure could have restored the tooth to contour and function. Even if the Dentist does predetermine benefits, however, it does not obligate DDKS if you as an employee or dependent are no longer eligible for benefits at the time the services are actually performed or your Dentist was not a Participating Dentist with Delta Dental at the time services were performed. The treatment must commence within ninety (90) days of the date the treatment plan is submitted to DDKS by the treating Dentist or a new treatment plan should be obtained and resubmitted to DDKS.

PAYMENTS FOR COVERED SERVICES

Following treatment, the Dentist should forward the attending Dentist's statement to DDKS. If the Dentist is a Participating Dentist, DDKS will make direct payment to the Dentist for each Covered Service. If the Dentist is not a Participating Dentist, DDKS will pay the Employee on each Covered Service. The amount of payment will be calculated using the percentage amount indicated in the “Summary of Dental Plan Benefits” section

in this booklet. If more than one percentage column is shown in the Summary of Dental Plan Benefits, the percentage used will be the one that corresponds to the network status of the Dentist at the time the Covered Services are rendered. DDKS will pay for each Covered Service, subject to the Coordination of Benefits (COB) stipulations in the “Non-Duplication of Benefits” section of this booklet, based on the lesser of i) the fee submitted by the Dentist for the Covered Service, or ii) the Maximum Plan Allowance (MPA). For more information on MPA, see the definition of MPA in the “Definitions” section of this booklet.

You will receive notice of the Plan’s payment and the amount, if any, that you owe the Dentist. The amount you owe should be paid in accordance with the Dentist’s usual billing procedure.

NO PRE-EXAMINATION

There are no pre-examination requirements for employees and dependents to be eligible for dental benefits.

EMERGENCY TREATMENT

Each individual dental office has its own emergency treatment protocol and Enrollees should contact their Dentist and familiarize themselves with the procedure for emergencies that occur outside the Dentist's normal business hours. Hospital or medical service emergency room expenses are not covered benefits under the Plan.

INQUIRIES/APPEALS

Enrollees are encouraged to contact DDKS when they have a question concerning a particular claim. Such inquiry should be directed to the DDKS Customer Service Department. Telephone inquiries may be directed to the following numbers: in Wichita, 316-264-4511 or from outside of the Wichita area, 1-800-234-3375.

If a claim for benefits is denied in whole or in part, written notification called an “Explanation of Benefits” will be provided within thirty (30) days after a claim is received, unless special circumstances require an extension of time for processing. If additional time is necessary, DDKS will notify the Enrollee and/or the treating dentist of the reason for the additional time, including a description of additional information that is necessary to process the claim if information is missing. If additional information is necessary, the Enrollee will have forty-five (45) days to provide the additional information or else the claim will be decided based upon the information then available to DDKS.

Enrollees have the right to appeal a claim determination if the requested dental benefits were not paid in full. In order to appeal a benefit determination, Enrollees or their authorized representative must write to the Customer Service Department, Delta Dental of Kansas, Inc., P.O. Box 789769, Wichita, KS 67278-9769 within one hundred eighty (180) days of the date of the Explanation of Benefits for the claim. Written appeals

should be submitted with a copy of the Explanation of Benefits form for the claim in question and should include all of the following:

1. Employer group number and member identification number.
2. Subscriber's name and birth date. If the Enrollee is not the Subscriber, the Enrollee's name and birth date must also be included.
3. Dentist name and, if known, license number.
4. Claim number.
5. Date(s) of service.
6. An explanation of the complaint or question, including the basis for appeal.
7. Any additional information that the Enrollee believes supports his/her position.

A full and fair evaluation of the appeal will be made by DDKS and, in some cases the Enrollee may be examined clinically. If necessary, additional information or documents may be requested. Some matters may also be referred to the dental licensing board or to the applicable state dental association peer review system.

Normally, Enrollees will receive a written acknowledgement of their inquiry or appeal within twenty (20) days of DDKS' receipt. However, if the matter is referred to a review committee, or other unusual circumstances arise, the Enrollee will be advised. Generally, a written answer or decision will be sent to the Enrollee within thirty (30) days thereafter, however, DDKS must provide a written answer or decision within sixty (60) days receipt of the appeal.

If DDKS denies any part of the claim on appeal, DDKS will provide the Enrollee written notice of the basis for the denial and additional information. The Enrollee may request, free of charge, a copy of any applicable rules, exclusions, or limitations relied upon in the benefit determination. In addition, DDKS will provide the Enrollee with a copy of the documents relevant to the benefit determination free of charge upon request.

If the dental plan at issue is governed by the Employee Retirement Income Security Act, an Enrollee may have the right to bring a civil action under Section 502(a). In addition, an Enrollee may be entitled to additional levels of review and/or other voluntary alternative dispute resolution options, such as mediation under his/her group dental plan.

REEVALUATION AND REVIEW

If the Employer or Enrollee does not agree with the determination of benefits and has additional information to supply, reevaluation may be requested by resubmitting a copy of the claim form, x-rays and clinical comments to the Customer Service Department, Delta Dental of Kansas, Inc., P.O. Box 789769, Wichita, Kansas 67278-9769. The review of a claim form and x-rays may not be sufficient to appropriately resolve a matter in all cases. Accordingly, in some cases DDKS may rely on its regional dental consultants to examine patients clinically. When appropriate, examinations may also be conducted at the request of the Enrollee, a treating Dentist, or for other reasons determined by DDKS.

DDKS LIABILITY

DDKS shall have no liability for any wrongful conduct of any third party, including but not limited to tortuous conduct, negligence, wrongful acts or omissions, or any other act of any such person including but not limited to employees, Enrollees, Dentists, dental assistants, dental hygienists, hospitals, or the agents or employees of any of such foregoing persons, whether receiving or providing services. Further, DDKS shall also have no liability for any services or facilities which, for any reason, are unavailable to any Enrollee.

As a condition precedent to the approval of claims hereunder, DDKS, shall be entitled to receive from any attending or examining Dentist, or from hospitals or clinics in which a Dentist's care is rendered, such information and records relating to attendance to, or examination of, and/or treatment rendered to, an Enrollee. DDKS, at its own expense, shall have the right to cause any Enrollee to be examined when and so often as DDKS reasonably deems necessary during the pendency of a claim under the Agreement (including the right and opportunity to make an autopsy if it is not prohibited by law). The acceptance by any Enrollee of any benefit of coverage under the Agreement constitutes the Enrollee's (and the related Subscriber's, if applicable) automatic and irrevocable consent to the release to DDKS of any and all of the information and records before described, and a full waiver by that Enrollee that any such information and records that otherwise is privileged. Further, by providing Covered Services to an Enrollee, a Dentist or other service provider consents to, upon request, provide such information and records to DDKS as DDKS requests.

MISREPRESENTATIONS

No statements made by the Employer, or any other person, shall be deemed a warranty or shall be used in defense of a claim or in any other dispute under the Agreement, unless it is contained in a written instrument, a copy of which has been agreed to in writing by Employer and DDKS.

LEGAL ACTIONS

No action at law or in equity shall be brought to recover on the Agreement prior to the expiration of sixty (60) days after the final written notice determining the status of a claim for breach has been delivered in accordance with the requirements of the Agreement. Further, and in all events, any action of any kind by any person who is subject to the Agreement must be commenced within five (5) years from the date on which the right, claim, demand, or cause of action shall first accrue.

GOVERNING STATUTES

Any provision of the Agreement which is in conflict with any applicable law is hereby amended to the minimum requirements of such law.

GOVERNING LAW

Except to the extent preempted by the Employee Retirement Income Security Act of 1974 (ERISA), the laws of the State of Kansas (irrespective of choice of law principles) shall govern the validity of the Agreement, the construction of its terms and the interpretation of the rights and duties of the parties. c. With respect to a person who is an Eligible Employee who experiences a "qualifying event", such Eligible Employee may make a new election within thirty-one (31) days of the qualifying event that corresponds to the gain or loss of eligibility and/or coverage under the Plan, or a plan of the Spouse's or Dependent's employer, that was caused by the occurrence of such qualifying event. Changes in coverage will become effective on the first day of the month coincident with or following the later of: i) the month in which the Eligible Employee becomes a Subscriber, ii) the effective date specified in the election, or iii) the submission of any required enrollment information and the payment of any required premium to DDKS. For purposes of the "Eligibility of Employees and Their Dependents" section, a "qualifying event" is any of the events described below:

- (1) Legal Marital Status. A change in an Eligible Employee's legal marital status such as marriage or divorce.
- (2) Number of Dependents. A change in the Eligible Employee's number of Dependents, including the birth and/or adoption of a child.

4. Commencement of Coverage for Dependent:

- c. With respect to a person who becomes an Eligible Dependent and therefore qualifies for coverage as a result of a qualifying event, then coverage hereunder shall begin upon the first day of the month coincident with or following the later of i) the Subscriber with respect to whom such person is a dependent becoming a Subscriber, ii) the date upon which such person satisfies the requirements to become an Enrollee.

5. Termination of Benefits:

- a. If, at any time, a Subscriber fails to satisfy all of the requirements of the Agreement, coverage under the Agreement shall terminate for such Subscriber, and each dependent of such Subscriber, in the following manner:
 - 1) If the Subscriber qualifies for, timely elects and timely pays for Continuation Coverage, then the Subscriber shall continue to be covered for the applicable period during which coverage must be provided and during which premiums are timely paid, and thereafter coverage shall terminate;
 - 2) If the Subscriber fails to qualify for, timely elect or timely pay for Continuation Coverage, then coverage shall terminate at the end of the premium period in which the Subscriber first ceases to satisfy such requirements.
- b. If, at any time, an Enrollee who is not the Subscriber ceases to qualify as Eligible Dependent, coverage under the Agreement shall terminate:
 - 1) If the Enrollee qualifies for, timely elects, and timely pays for Continuation Coverage, then the Enrollee shall continue to be covered for the applicable period during which coverage must be provided and during which premiums are timely paid, and thereafter the coverage shall terminate;
 - 2) If the Enrollee fails to qualify for, timely elect, or timely pay for Continuation Coverage, then coverage shall terminate at the end of premium period in which the Subscriber upon whom such person is dependent ceases to constitute a Subscriber, or at the time such dependent ceases to qualify as an Eligible Dependent, whichever occurs first.
- d. At termination of coverage under the Agreement, operative procedures which are then in progress and i) which are completed within thirty (30) days of the termination of coverage, and ii) submitted for payment within six (6) months of such termination shall be covered. For this purpose, operative procedures are defined as and limited to root canal therapy on permanent teeth; individual crowns; dentures, partial and complete; and bridges. Operative procedures are considered in progress only if all procedures for commencement of lab work have been completed.

6. Non-Duplication of Benefits:

A. GENERAL.

This section entitled Non-Duplication of Benefits addresses coordination of benefits (COB) and applies when a person has dental care coverage under more than one plan. The term “plan” is defined below. The order of benefit determination rules below determine which plan will pay as the primary plan. The primary plan that pays first pays without regard to the possibility that

another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

B. DEFINITIONS.

- (1) A “plan” is any of the following that provides benefits or services for dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - (a) The term “plan” includes group insurance, closed panel or other forms of group or group-type coverage (whether insured or uninsured); hospital indemnity benefits in excess of \$200 per day; medical care components of group long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or other governmental benefits, as permitted by law.
 - (a) The term “plan” does not include individual or family insurance; closed panel or other individual coverage (except for group-type coverage); amounts of hospital indemnity insurance of \$200 or less per day; school accident type coverage, benefits for non-medical components of group long-term care policies; Medicare supplement policies, Medicaid policies, and coverage under other governmental plans, unless permitted by law.

Each contract for coverage under (a) or (b) is a separate plan. If a plan has two (2) parts and COB rules apply only to one (1) of the two (2), each of the parts is treated as a separate plan.

- (2) The order of benefit determination rules determine whether this plan is a “primary plan” or “secondary plan” when compared to another plan covering the person.

When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan’s benefits. When this plan is secondary, its benefits are determined after those of another plan and may be reduced because of the primary plan’s benefits.

- (3) “Allowable expense” means a dental care service or expense, including deductibles and co-payments, or co-insurance that is covered at least in part by any of the plans covering the person. When a plan provides benefits in the form of services, (for example an HMO) the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the plans is not an allowable expense. The following are examples of expenses or services that are not allowable expenses:

- (a) If a person is covered by two (2) or more plans that compute their benefit payments on the basis of usual and customary fees, any amount in excess of the highest of the usual and customary fees for a specific benefit is not an allowable expense.
 - (b) The amount a benefit is reduced by the primary plan because a covered person does not comply with the plan provisions. Examples of these provisions are second opinions, precertification requirements, and preferred provider arrangements.
- (4) “Claim determination period” means a contract year. However, it does not include any part of a year during which a person has no coverage under this plan, or before the date this COB provision or a similar provision takes effect.
- (5) “Closed panel plan” is a plan that provides dental benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- (6) “Custodial parent” means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

C. ORDER OF BENEFIT DETERMINATION RULES.

When two (2) or more plans pay benefits, the rules for determining the order of payment are as follows:

- (1) The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- (2) A plan that does not contain a coordination of benefits, maintenance of benefits, or non-duplication of benefits provision that is consistent with the “Non-Duplication of Benefits” section is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- (3) A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.

- (4) The first of the following rules that describes which plan pays its benefits before another plan is the rule to use.
- (a) The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g., a retired employee); then the order of benefits between the two (2) plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.
 - (b) The order of benefits when a child is covered by more than one plan is:
 - 1. The primary plan is the plan of the parent whose birthday is earlier in the year if:
 - a. The parents are married;
 - b. The parents are not separated (whether or not they ever have been married); or
 - c. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.
 - e. If both parents have the same birthday, the plan that covered either of the parents longer is primary.
 - 2. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods or plan years commencing after the plan is given notice of the court decree.
 - 3. If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - a. The plan of the custodial parent;
 - b. The plan of the spouse of the custodial parent;
 - c. The plan of the noncustodial parent; and then
 - d. The plan of the spouse of the noncustodial parent.

- (c) The plan that covers a person as an employee who is neither laid off nor retired, is primary. The same would hold true if a person is a dependent of a person covered as a retiree and an employee. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. Coverage provided an individual as a retired worker and as a dependent of an actively working spouse will be determined under the order described in the “C. Order of Benefit Determination Rules 4(a).”
- (d) If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person’s dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.
- (e) The plan that covered the person as an employee, member, subscriber or retiree longer is primary.
- (f) If a health plan includes coverage for dental procedures under the major medical provisions of the plan, that plan is primary.
- (g) If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this regulation. In addition, this plan will not pay more than it would have paid had it been primary.

D. EFFECT ON THE BENEFITS OF THIS PLAN.

- (1) When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than one hundred percent (100%) of total allowable expenses. The difference between the benefit payments that this plan would have paid had it been the primary plan, and the benefit payments that it actually paid or provided shall be recorded as a benefit reserve for the covered person and used by this plan to pay any allowable expenses, not otherwise paid during the claim determination period. As each claim is submitted, this plan will:
 - (a) Determine its obligation to pay or provide benefits under its contract;
 - (b) Determine whether a benefit reserve has been recorded for the covered person; and
 - (c) Determine whether there are any unpaid allowable expenses during that claims determination period.

If there is a benefit reserve, the secondary plan will use the covered person's benefit reserve to pay up to one hundred percent (100%) of total allowable expenses incurred during the claim determination period. At the end of the claims determination period, the benefit reserve returns to zero. A new benefit reserve must be created for each new claim determination period.

- (2) If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, COB shall not apply between that plan and other closed panel plans.

E. RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION.

Certain facts about coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and other plans. DDKS may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this plan and other plans covering the person claiming benefits. DDKS need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must give DDKS any facts it needs to apply those rules and determine benefits payable.

F. FACILITY OF PAYMENT.

A payment made under another plan may include an amount that should have been paid under this plan. If it does, DDKS may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this plan. DDKS will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

G. RIGHT OF RECOVERY.

If the amount of the payments made by DDKS is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.
