	<b>Sky Contracting</b>	Caro Construction	Van Asdale	Walz Harman
Base Bid	<b>\$32,445.00</b>	\$37,688.00	\$53,000.00	\$34,800.00
Total days	<b>64</b>	100	100	95
No Bids	B&F Fabrication	Icon Structures		

The recommendation of Purchasing, the Facilities Department, and the ADA Coordinator is to **accept the low bid from Sky Contracting Company, Inc. in the amount of \$32,445.00.**

Scope of work under this project includes modification of two existing Departments of Correction, Adult Residential Services Facilities, 622 E. Central and 623 E. Elm (these buildings are co-located on the same block). 622 E. Central will receive modifications to the existing concrete sidewalk, parking stalls, interior lobby, and multi-purpose room. 623 E. Elm will receive modifications to the building entry, interior control location and water drinking fountain. The scope of work will address ADA inconsistencies that were identified in the County's ADA Transition Plan. All modifications are to ensure facilities meet current ADA standards and will be funded through the approved CIP ADA funding.

Sedgwick County has not previously done business with the low bidder, however, the project team architect has worked with this firm on several previous projects which resulted in satisfactory outcomes, with regards to budget, days to completion and result.

**APPROVED FEBRUARY 4, 2013**
