## **BOARD OF BIDS AND CONTRACTS AUGUST 15, 2013**

	HiTech Assets	Pro KS Miller Recycling Center
No Bids	Creative Recycling	EQ-The Environmental Quality
	Systems	Company

On the recommendation of Kim Evans, on behalf of various county departments, Jennifer Dombaugh moved to accept the proposal from Apollon Computers, DBA IT Source and establish contract pricing for five (5) years with two (2) one (1) year options to renew. David Spears seconded the motion. The motion passed unanimously.

A review committee comprised of Jo Oliver and Scott Bowen-Environmental Resources, Jeremy Biltz, Sam Baker and Karen Leslie-DIO and Kim Evans-Purchasing reviewed the responses and short listed IT Source and Asset LifeCycle LLC. Both vendors were interviewed and references were checked. The committee selected IT Source based on pricing/fees, certifications, references and accessibility of services.

The county will receive a 50% share in sales profits of positive value items. There will be a combination of our staff transporting equipment to the facility and their staff picking up loads from our facilities. IT Source is located in Wichita.

Notes-US Materials Management, LLC uses prison labor in their operations which is not acceptable due to HIPAA and other security reasons.

\*8,000lb or 12 skid minimum pickup-county does not have the capacity to store this much e-waste between pickups.

\*\*CDR Global Inc. states that there will be a charge for logistics on any pickup that does not have resale value. While the county has some items having resale value, most items will be recycled.
