Recommend to accept the **low bid from Barkley Construction in the amount of \$18,200.00.**

Scope: Provide an ADA accessible parking spot and new parking for the existing Red Brick East Restroom at Lake Afton Park. Work includes concrete paving, relocation of gravel drives, cutting a swale to control storm water coming off the hill, seeding if required, wheel stops, striping, and accessible parking signage. Project bids were reviewed by the Project Manager and the architect and found to be good bids.
