On the recommendation of Kristen McGovern, on behalf of Public Works, Linda Kizzire moved to **accept the bid from Andale Ready Mix Central, Inc. in the amount of \$1,451,561.72.** Tim Kaufman seconded the motion. The motion passed unanimously.

Super Seal is a cementitious material used to stabilize the subgrade of selected County roads.

Andale Ready Mix Central, Inc. is currently the only vendor experienced in this new process.

This application method for Super Seal has been in existence and practice worldwide for decades but has not been used in this area until recently. At this point in time, there is only one contractor in the local market who is equipped and experienced in this application method. Public Works continues to monitor the cost of this type of application against the cost of other methods and materials, that provide a similar end product to ensure that the county is getting the best possible value.
