New License Plate Process Announced

(Sedgwick County, Kan.) – The State of Kansas announced it will implement changes to the new license plate delivery process beginning August 15, 2018. Residents who wish to tag a newly purchased vehicle can register it at one of the Sedgwick County tag offices then the official metal plate will be mailed to the individual from the State within 10 business days.

If a resident does not receive their tag in 10 days, they should contact the Kansas Department of Revenue at 785-296-3621. The attached poster will be given to all Sedgwick County residents who register a newly purchased vehicle.

Important Information

Thank you for registering your vehicle in Sedgwick County. Your registration and decal are attached. You should receive your plate in the mail within the next 10 business days. Until that time, you should display the paper plate that you were given. Place the paper plate on the vehicle where the regular plate will be mounted.

When you receive your metal plate, attach the decal from your registration form to the plate in the upper right hand corner and mount the plate on your vehicle. If the decal is not attached to the metal plate, your plate is NOT valid and you can be cited by law enforcement. See example below:

The decal and plate should read the same.

Información importante

Gracias por registrar su vehículo en el condado de Sedgwick. Su registro y calcomanía están juntos. Debe recibir su placa por correo dentro de los próximos 10 días laborales. Hasta ese momento, debes exhibir la placa de papel que le dieron. Coloque la placa de papel en el vehículo donde se pondra la placa de metal.

Cuando reciba su placa de metal, coloque la calcomanía de su formulario de registro en la esquina derecha de la placa superior derecha y ponga la placa en su vehículo. Si la calcomanía no está unida a la placa de metal, su placa NO es válida y usted puede ser sancionado por la policía.

La calcomanía y la placa deben leer igual.
