REGISTRATION INVITATION

Workshop Summary: As part of the 2018/2019 Hazardous Mitigation Emergency Preparedness (HMEP) Grant in Sedgwick County, this workshop is being conducted to assist with compliance of the grant's requirements. The HMEP Workshop will add in learning strategies for hazmat response, exercise design, and an overview of first response by experts in the field of a hazmat disaster/incident.

Workshop Objectives:

- Sedgwick County HMEP Grant Requirement
- Master Scenario Event List (MSEL) – How to create meaningful, applicable “injects”
- Work Teams – Development exercise
- Continuity of Operations Training
- Subject Matter Experts (SME) – 30,000 ft. overview of hazmat response
 - Police / fire / transportation / hazmat organizations

Registration is OPEN to ALL Whole Community Partners Including:

- All First Responders
- Public Health / Hospitals
- Emergency Management
- Transportation Sectors
- Emergency Medical Services
- Health Care Coalition Members
- School Districts
- Preparedness Coordinators
- Voluntary Organizations Active in Disasters
- Whole Community
- Energy Sectors
- Local Government Officials
- Local Businesses
