ADDENDUM 2
RFB #19-0027
2 EACH - BRUSH TRUCKS

March 14, 2019

The following is to ensure that vendors have complete information prior to submitting a proposal. Here are some clarifications regarding the proposal for a two (2) Brush Trucks.

Questions and/or statements of clarification are in **bold** font, and answers to specific questions are *italicized*.

- 1. In reviewing it I see all the requested components for the chassis and bed of the apparatus. However, I am unable to locate any additional details requesting warning lights to be installed outside of the verbiage discussing fitment for a light bar on the headache rack. I am also unable to locate any details outlining a water tank and associated pumping provisions.**

Answer: No warning light bar or any other emergency light installation is requested in this bid since we will do that part of it here. As for the water tank it will be part of another RFB and will also be completed in our shop.

- 2. I would also like to inquire if there will be any requirement for the manufacturer to provide wiring provisions for ease of customer installation of these items.**

Answer: Yes, it would be preferred.

Firms interested in submitting a proposal *must* respond with complete information and **deliver on or before 1:45 p.m. CDT, March 19, 2019**. Late proposals will not be accepted and will not receive consideration for final award.

“PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON THE PROPOSAL RESPONSE PAGE.”

Britt Rosencutter, Buyer
Purchasing Agent
