I. About this Document
This document is a Request for Proposal. It differs from a Request for Bid or Quotation in that the county is seeking a solution, as described on the cover page and in the following Background Information section, not a bid or quotation meeting firm specifications for the lowest price. As such, the lowest price proposed will not guarantee an award recommendation. As defined in Charter Resolution No. 68, Competitive Sealed Proposals will be evaluated based upon criteria formulated around the most important features of the product(s) and/or service(s), of which quality, testing, references, service, availability or capability, may be overriding factors, and price may not be determinative in the issuance of a contract or award. The proposal evaluation criteria should be viewed as standards that measure how well a vendor’s approach meets the desired requirements and needs of the County. Criteria that will be used and considered in evaluation for award are set forth in this document. The county will thoroughly review all proposals received. The county will also utilize its best judgment when determining whether to schedule a pre-proposal conference, before proposals are accepted, or meetings with vendors, after receipt of all proposals. A Purchase Order/Contract will be awarded to a qualified vendor submitting the best proposal. Sedgwick County reserves the right to select, and subsequently recommend for award, the proposed service(s) and/or product(s) which best meets its required needs, quality levels and budget constraints.

The nature of this work is for a public entity and will require the expenditure of public funds and/or use of public facilities, therefore the successful proposer will understand that portions (potentially all) of their proposal may become public record at any time after receipt of proposals. Proposal responses, purchase orders and final contracts are subject to public disclosure after award. All confidential or proprietary information should be clearly denoted in proposal responses and responders should understand this information will be considered prior to release, however no guarantee is made that information will be withheld from public view.

RFP #19-0044
Sedgwick County...Working for you
II. **Background**

Sedgwick County, located in south-central Kansas, is one of the most populous of Kansas’ 105 counties with a population estimated at more than 511,000 persons. It is the sixteenth largest in area, with 1,008 square miles, and reportedly has the second highest per capita wealth among Kansas’ counties. Organizationally, the county is a Commission/Manager entity, employs nearly 2,500 persons, and hosts or provides a full range of municipal services, e.g. – public safety, public works, criminal justice, recreation, entertainment, cultural, human/social, and education.

Since the 2008 HMEP grant to identify special needs populations, training and educating providers who provide services to them on emergency planning and preparedness for hazardous materials accidents through workshops and exercises, estimates show positive results. However, less than 10% of the providers were able to receive these workshops and exercises, and the hazardous materials threat has increased each year with increased transportation traffic. With the advent of the CMS Final Rule on Emergency Preparedness mandate, the need for ensuring service providers of our susceptible populations increases in urgency. In addition, schools, the elderly and other susceptible populations continue to remain with little to no emergency planning and preparedness, and existing plans have not been tested recently. It is estimated that our current gap is 27% of the susceptible population is in need of education, training and testing based on recently developed population maps. Conducting hazardous materials awareness through seminars and workshops will help engage the need for emergency planning, followed by testing those plans with a tabletop and full-scale exercise. Having organizations and agencies already involved with emergency planning and response assist with these venues will help minimize the gap that exists and better prepare of susceptible populations in the event of a hazardous materials release. Final results will include emergency plan development and testing, internal and external communications, continuity of operations to remain resilience and sustainable, and a better understanding of resources available. The specific requirement requested is to provide training courses as indicated in 2019 and project training needs into the 2020 HMEP grant cycle.

III. **Project Objectives**

Sedgwick County, Kansas (hereinafter referred to as “county”) is seeking a firm or firms to provide hazmat training and exercise education services. The following objectives have been identified for this contract:

1. Acquire hazmat training and exercise education services meeting the parameters, conditions and mandatory requirements presented in the document.
2. Establish contract pricing with the vendor that has the best proven “track-record” in performance, service and customer satisfaction.
3. Acquire hazmat training and exercise education services with the most advantageous overall cost to the County.

IV. **Submittals**

Carefully review this Request for Proposal. It provides specific technical information necessary to aid participating firms in formulating a thorough response. Should you elect to participate, submit one (1) original AND one (1) electronic copy (.PDF/Word supplied on a flash drive) of the entire document with any supplementary materials to:

Josh Lauber  
Sedgwick County Purchasing Section  
525 N. Main, Suite 823  
Wichita, KS 67203

SUBMITTALS are due NO LATER THAN 1:45 pm CDT, Tuesday, April 30, 2019. Responses must be sealed and marked on the lower left-hand corner with the firm name and address, proposal number, and proposal due date. Late or incomplete responses will not be accepted and will not receive consideration for final award.

Proposal responses will be acknowledged and read into record at bid opening which will occur at 2:00 pm CDT, on the due date. No information other than the respondent’s name will be disclosed at bid opening.

RFP #19-0044  
Sedgwick County…Working for you
V. **Scope of Work**

For 2018/2019 HMEP Grant:

1. 80-hour Hazmat Technician Class

   Certified instruction for 24 students according to National Fire Protection Association 472 standards for Hazmat Technician to prepare responders to operate as a member of a hazardous materials response team at a CBRNE event. Participants should be taught: to classify, identify, and verify known and unknown material by using field survey instruments and equipment; to select and use the proper chemical protective equipment provided to the hazardous materials Technician; to understand hazard and risk assessment techniques for Hazmat and CBRNE environments; to be able to perform advanced control, containment, and/or confinement operations within the capabilities of the resources and personal protective equipment available. In-class instruction and testing should follow the NFPA 472 standard; for this class we also require independent third-party testing at the end according to International Fire Service Training Association standards.

   Requirements include (as a minimum):
   - When: Not Later than July 2019
   - Course shall be 80 contact hours in length with a maximum of 24 students
   - Location: Sedgwick County Fire Station 32, Park City, KS (no cost to vendor)
   - Class size: 24 Students (Wichita FD-10/Sedgwick County FD-10/Other-4)
   - Contractor shall provide a minimum of two full time instructors
   - Contractor responsible for all travel expenses
   - Contractor shall provide all course materials and identify equipment required for students to bring with them as necessary to conduct training
   - Proposed daily and hourly program of instruction
   - Certificate & 3rd party individual Proficiency Testing/certification opportunity

   Note: Contractor/vendor must coordinate with Kansas University for Proctored Proficiency testing the last day of the class under current Kansas business rules for certifying individual proficiency.

2. 8- Hour HAZWOPER Refresher Class

   This course must meet the requirements outlined in OSHA 29 CFR 1910.120 for 8 (eight) hours of annual refresher training for workers at hazardous waste sites. This course should be designed for general site workers who remove hazardous waste or who are exposed or potentially exposed to hazardous substances or health hazards. The course should include HAZWOPER regulations, site characterization, toxicology, hazard recognition, personal protective equipment, decontamination, medical surveillance, confined space entry and emergency procedures. Upon successful completion of the course the students should receive a certificate of completion.

   Additional Info (this will be on the class flier; may not be needed for quote request):
   - Pre-Requisites:
     Enrollment is open to those who have already completed the 40-hour or 24-hour HAZWOPER training.
   - Learning Outcomes:
     Read and understand OSHA regulations and requirements
     Summarize Site Characterization
     Understand the principles of toxicology and how they relate to various types of chemical exposures
     Describe potentially hazardous situations involving corrosives, solvents, oxidizers and reactive chemicals
     Identify the uses for Personal Protective Equipment (PPE) and how to choose the correct PPE
     Understand the principles of decontamination as well as levels of decontamination and methods
     Understand the confined space permit system; be able to identify the main confined space atmospheric hazards, types of ventilation and gain an overall understanding of medical concerns associated with confined spaces
     Understand the various considerations in an emergency situation and the importance of training and actions to personal safety and the safety of others.

3. Hospital Decontamination Class

   We are seeking to offer a class that trains hospital and healthcare workers who are part of a decontamination team according to the OSHA standard for “Best Practices for First Receivers of Victims From Mass Casualty Incidents Involving Release of Hazardous Substances”. Topics covered in the class should include familiarization with hazardous...
material terminology, operating within the Incident Command System, and use of personal protective equipment, including proficiency in donning and doffing PPE. Students will be encouraged to bring their own PPE, but the instructor should have equipment available for use in case a student doesn’t have their own.

Potential Vendors are invited to state whether their proposal could be used in determining the future HMEP Grant estimates for 2019/2020 requirements
Contractor must identify and address any issues not listed above that are required to conduct the course(s).

Informal quotes for the 2019/2020 HMEP Grant cycle:
1. Advanced Monitoring and Detection Course – Request for Proposal
The Sedgwick County Emergency Management Division and Local Emergency Planning Committee is requesting proposals for the delivery of an Advanced Monitoring and Detection Course during the Spring/Summer of 2020 at a location TBD (no cost to vendor). Delivery is required to provide participants with the advanced knowledge and skills set forth in NFPA 472 Chapter 19 – Competencies for Hazardous Materials Technicians with an Advanced Monitoring and Detection Specialty, and applicable monitoring and detection sections of Chapter 23 – Competencies for Hazardous Materials Technicians with a Weapons of Mass Destruction Specialty.

Requirements Include (as a minimum):
• Course shall be 40 contact hours in length with a maximum of 24 students
• Contractor shall provide a minimum of two full time instructors
• Contractor responsible for all travel expenses
• Contractor shall provide all course materials including reference charts, samples, glassware, safety equipment (goggles, gloves), indicating papers, NIOSH/DOT guidebooks as required
• Assessment of technologies used by the AJ with a gap analysis tied to the standard of care
• Participants demonstrate competencies aligned with Chapters 21 and 23 of NFPA 472
• Contractor should provide instruments to demonstrate each of the detection and identification technologies utilized by Type 1 and II HazMat teams
• Certificate

2. Tactical Chemistry Course – Request for Proposal

Requirements include (as a minimum):
• Course shall be 40 contact hours in length with a maximum of 24 students
• Contractor shall provide a minimum of two full time instructors
• Contractor responsible for all travel expenses
• Hazardous Materials Technician Textbook
• Chemistry Reference Charts
• Chemicals
• Glassware
• Safety Equip (goggles, goggles)
• Indicating papers - pH, KI, water
• NIOSH/DOT Guidebooks
• Certificate
Contractor must identify and address any issues not listed above that are required to conduct the course(s).
VI. Sedgwick County’s Responsibilities

- Provide information, as legally allowed, in possession of the County, which relates to the County’s requirements or which is relevant to this project.
- Designate a person to act as the County Contract Manager with respect to the work to be performed under this contract.
- County reserves the right to make inspections at various points of the project. Contractor agrees to openly participate in said inspections and provide information to the county on the progress, expected completion date and any unforeseen or unexpected complications in the project.

VII. Proposal Terms

A. Questions and Contact Information

Any questions regarding this document must be submitted in writing to Josh Lauber at Josh.Lauber@sedgwick.gov by 5:00 pm CDT, April 15, 2019. Any questions of a substantive nature will be answered in written form as an addendum and posted on the purchasing website at https://www.sedgwickcounty.org/finance/purchasing/requests-for-bid-and-proposal/ under the Documents column associated with this RFP number by 5:00 pm CDT, April 19, 2019. Firms are responsible for checking the website and acknowledging any addenda on their proposal response form.

B. Minimum Firm Qualifications

This section lists the criteria to be considered in evaluating the ability of firms interested in providing the service(s) and/or product(s) specified in this Request for Proposal. Firms must meet or exceed theses qualifications to be considered for award. Any exceptions to the requirements listed should be clearly detailed in proposer’s response.

- Proposers shall:
  1. Have a minimum of 3-5 years’ experience in providing services similar to those specified in this RFP.
  2. Have an understanding of industry standards and best practices.
  3. Have experience in managing projects of comparable size and complexity to that being proposed.
  4. Have knowledge of and comply with all currently applicable, and as they become enacted during the contract term, federal, state and local laws, statutes, ordinances, rules and regulations. All laws of the State of Kansas, whether substantive or procedural, shall apply to the contract, and all statutory, charter, and ordinance provisions that are applicable to public contracts in the county shall be followed with respect to the contract.
  5. Municipal and county government experience is desired, however, the county will make the final determination based on responses received and the evaluation process.
  6. Have the capacity to acquire all bonds, escrows or insurances as outlined in the terms of this RFP.
  7. Provide project supervision (as required) and quality control procedures.
  8. Have appropriate material, equipment and labor to perform specified services.
  9. Park only in designated areas and display parking permit (if provided).
  10. Wear company uniform or ID badge for identification purposes.

C. Evaluation Criteria

The selection process will be based on the responses to this RFP. County staff will judge each response as determined by the scoring criteria below. Purchasing staff are not a part of the evaluation committee.

Assume the following cost proposals (examples only)
A. $50,000.00
B. $38,000.00
C. $49,000.00

Company B with a total price of $38,000.00 is the low offer. Take the low offer and divide each of the other offers into the low offer to calculate a percentage. This percentage is then multiplied by the number of points available for the cost. In this case, 10 points are allocated to cost.

A. $38,000.00 divided by $50,000.00 = .76
   .76*10 = 7.6 points
B. $38,000.00 divided by $38,000.00 = 1.00
   1.00*10 = 10 points
C. $38,000.00 divided by $49,000.00 = .77
   .77*10 = 7.7 points

Any final negotiations for services, terms and conditions will be based, in part, on the firm’s method of providing the service and the fee schedule achieved through discussions and agreement with the county’s review committee. The county is under no obligation to accept the lowest priced proposal and reserves the right to further negotiate services and costs that are proposed. The county also reserves the sole right to recommend for award the proposal and plan that it deems to be in its best interest.

The county reserves the right to reject all proposals. All proposals, including supporting documentation shall become the property of Sedgwick County. All costs incurred in the preparation of this proposal shall be the responsibility of the firm making the proposals. Sedgwick County reserves the right to select, and subsequently recommend for award, the proposed service which best meets its required needs, quality levels and budget constraints.

G. **Indemnification**
To the fullest extent of the law, the provider, its subcontractor, agents, servants, officers or employees shall indemnify and hold harmless Sedgwick County, including, but not limited to, its elected and appointed officials, officers, employees and agents, from any and all claims brought by any person or entity whatsoever, arising from any act, error, or omission of the provider during the provider’s performance of the agreement or any other agreements of the provider entered into by reason thereof. The provider shall indemnify and defend Sedgwick County, including, but not limited to, its elected and appointed officials, officers, employees and agents, with respect to any claim arising, or alleged to have arisen from negligence, and/or willful, wanton or reckless acts or omissions of the provider, its subcontractor, agents, servants, officers, or employees and any and all losses or liabilities resulting from any such claims, including, but not limited to, damage awards, costs and reasonable attorney’s fees. This indemnification shall not be affected by any other portions of the agreement relating to insurance requirements. The provider agrees that it will procure and keep in force at all times at its own expense insurance in accordance with these specifications.

H. **Confidential Matters and Data Ownership**
The successful proposer agrees all data, records and information, which the proposer, its agents and employees, which is the subject of this proposal, obtain access, remains at all times exclusively the property of Sedgwick County. The successful proposer agrees all such data, records, plans and information constitutes at all times proprietary information of Sedgwick County. The successful proposer agrees that it will not disclose, provide, or make available any of such proprietary information in any form to any person or entity. In addition, the successful proposer agrees it will not use any names or addresses contained in such data, records, plans and information for the purpose of selling or offering for sale any property or service to any person or entity who resides at any address in such data. In addition, the successful proposer agrees it will not sell, give or otherwise make available to any person or entity any names or addresses contained in or derived from such data, records and information for the purpose of allowing such person to sell or offer for sale any property or service to any person or entity named in such data. Successful proposer agrees it will take all reasonable steps and the same protective precautions to protect Sedgwick County's proprietary information from disclosure to third parties as with successful proposer's own proprietary and confidential information. Proposer agrees that all data, regardless of form that is generated as a result of this Request for Proposal is the property of Sedgwick County.
