*Sedgwick County...  
working for you*

### SUMMARY:

As part of the 2018/2019 Hazardous Mitigation Emergency Preparedness (HMEP) Grant in Sedgwick County, this TTX is being conducted to assist with compliance of the grant's requirements. Participants of the TTX will be in a learning environment to discuss exercise emergency response plans, policies and procedures for a hazardous event in Sedgwick County. This TTX is applicable for any organization with hazmat concerns and response capabilities by first responders, law enforcement, firefighting, transportation & utilities organizations regarding hazmat events.

### OBJECTIVES:

- Identify an overview of areas for possible overlap and conflict.
- Identify unidentified gaps in transportation evacuation routes, shelters, comfort stations, and other areas of shared resources, including backup and redundant systems.
- Identify public and private sector stakeholders who are responsible, and for what. Identify the chain of command system, and procedure for communications.
- Identify all populations including vulnerable populations.

### REGISTRATION IS OPEN TO ALL INCLUDING:

- First Responders
- Public Health / Hospitals
- Emergency Management
- Transportation Sectors
- Emergency Medical Services
- Health Care Coalition Members
- School Districts
- Whole Community
- Preparedness Coordinators
- Voluntary Organizations Active in Disasters
- Energy Sectors
