**ADDENDUM #1
RFP #20-0016
GYM MEMBERSHIP SERVICES**

February 6, 2020

The following is to ensure that proposers have complete information prior to submitting a proposal response. Here are clarifications regarding our request.

Questions and/or statements of clarification are in **bold** font, and answers to specific questions are *italicized*.

1. Do you want only one option or can we have multiple options (fully paid where the county pays it all or partially paid where the county pays some and employee pays some)?

Answer: Multiple options are permissible.

2. When you say “most advantageous overall cost to county” what all goes into that? Are you looking at value for the cost or sole bottom dollar amount to the county?

Answer: Most advantageous includes everything. What is the cost? What is the value of that cost? For example, does the county have to do more internal administration for a lower cost?

3. What Wellness (Risk-Targeting) Programs are you looking for or can we get more details?

Answer: The county is looking for programs a facility offers that will help individuals meet their goals for their health. These programs can include exercise classes, nutritional assistance, etc.

4. On required services, when it says we will only bill those who meet the set upon criteria, what is that criteria?

Answer: The criteria will be based off of attendance. The exact number of required attendance per quarter has not been determined yet, but attendance will be the only criteria.

5. On the member tracking/reporting, are you wanting the reporting on an individual basis or as a company?

Answer: We will need to know by member (and dependent, if applicable) attendance.

6. Will you be selecting a single gym provider or allowing for multiple gyms?

Answer: We are looking at all options.

Submittals are due **NO LATER THAN 1:45 p.m., CST, Tuesday, February 18, 2020**. Late proposals will not be accepted and will not be considered for award recommendation.
